

## Democrats Wooing Negro Vote, Predict Victories In Dixie

BY JACK BELL

Washington, Aug. 4 (AP)—The Democratic national committee has banned race segregation in its headquarters staff in a new bid for Negro support in the presidential election.

Confirming the change, National Chairman J. Howard McGrath told a reporter the committee "merely is being consistent" by putting into effect a policy urged by President Truman for government jobs and the armed forces.

McGrath said he expects to announce later the appointment of a Negro assistant to the chairman. He would not comment on reports that Rep. William L. Dawson of Illinois is slated for this post.

McGrath said the committee is abolishing its Negro division as such and distributing its Negro workers among other units. He said there will be no race discrimination in the hiring of stenographers, clerks and other employees.

The Republican national committee maintains a Negro division with Val Washington of Chicago, former Illinois state official, as its head. William Murphy, GOP publicity director, said several Negroes are employed on the headquarters staff.

McGrath's move was looked on by some Dixie Democrats as a

further sign that the administration is more interested in Negro support from the big vote states than it is in patching up the party row in the south.

Some of the southerners are backing a presidential candidate of their own, Gov. J. Strom Thurmond of South Carolina. Others have declared they won't vote for President Truman. Alabama and Mississippi electors have been formally instructed not to support him.

Most of the southern states have refused to come across with money for the party war chest.

But in the face of all this, McGrath said he thinks things will work out in November.

"President Truman is not going to lose the electoral vote of any southern state—wait and see," he said.

GETS DRAFT GOING — Col. Glenn B. Arnold (above), of the Michigan state adjutant general's office, has been named by Major Gen. Lewis B. Hershey, director of Selective Service, to head the draft administration in Michigan. The appointment was recommended by the governor and approved by President Truman. (AP Photo)

## Peace-Time Draft Boards Are Lined Up For Michigan

Lansing, Aug. 4 (AP)—Michigan's draft boards should be in actual operation within 10 days, Col. Glenn B. Arnold, state director of selective service said today.

Arnold said he had received the official go-ahead for the operation of the peace-time draft in Michigan. Preliminary steps already have been taken for the establishment of the 102 local boards and the state headquarters needed to handle the draft.

Funds now have been released from Washington to allow the rental of office space for the local boards and the hiring of clerical help, Arnold said.

The setting up of the local offices within 10 days will place Michigan in a position to be prepared for the registration task well in advance of the dates set for the various age groups, the state draft head said.

Recommendations for the appointment of local board members will be turned over to Governor Sigler by the end of the week, Arnold said. The appointments will be relayed by the governor to Washington for confirmation.

## Princess Margaret Linked To Romance

London, Aug. 4 (AP)—Talk about a possible new royal romance has London society all abuzz today. The talk links Princess Margaret with the Marquess of Blandford, handsome, 22-year-old cousin of Winston Churchill.

The princess, who becomes of age (18) on Aug. 21, has been seen in the company of Blandford frequently since he returned from duty in the Middle East as a lieutenant in the life guards. His family background is top drawer. He is a son of the 10th Duke and Duchess of Marlborough, whose estate, Blenheim Palace is said to be the largest private home in England.

Princess Margaret, Palace circles report, has said quite frankly that she wants to marry "when I meet the right man."

## Gov. Sigler Trying To Keep Legal Aide

Lansing, Aug. 4 (AP)—Governor Sigler today had served notice he will try to retain the services of his former legal aide, H. H. (Pete) Warner.

Warner resigned recently to end a feud between the governor and Attorney General Eugene F. Black over his services. Black had recalled Warner saying the legal export was needed in his probe of alleged irregularities in Republican party fund raising.

"I don't intend to drop the inquiries Mr. Warner has started," the governor said. "I am trying to figure out if I can retain him in some other capacity—possibly under civil service."

## Fluina Boat Lost With 52 Persons Aboard Sends SOS

Paris, Aug. 4 (AP)—Air France said today it has received reports that an S. O. S. has been picked up from its giant flying boat, missing since Sunday with 52 persons aboard.

The company said all it had was a bare report from one of the ships searching the South Atlantic—the French frigate Le Verrier—that it had heard the distress signal. There were no further details. Ships and planes were rushed toward the spot where the signal was believed to have originated. The missing plane carried 40 passengers and 12 crewmen.

## Lid Tight On Moscow Deal; Blockaded Berlin Hopeful

### Auto Racket Inquiry May Go To F.B.I.

Black Turns Over Papers On Corruption Charges

Detroit, Aug. 4 (AP)—The Federal Bureau of Investigation may look into Michigan Attorney General Eugene F. Black's charges that the state Republican organization has violated the federal corrupt practices act.

A possible FBI probe was the outgrowth of yesterday's surprise development in Black's battle with Circuit Judge Philip Elliott of Flint over records of the auto rackets grand jury.

Instead of surrendering them to the judge as expected, Black turned a big file of records over to U. S. District Attorney Thomas P. Thornton.

The federal official announced immediately he would confer with Joseph F. Deeb, federal district attorney at Grand Rapids, and determine whether his office had the right to keep and look into the records.

Then, if violation of the federal law is indicated, he said he would call the FBI into the picture.

### Campaign Levy Alleged

It was reported that U. S. Attorney General Tom Clark had approved a thorough investigation of the matter.

Black indicated the sheaf of files contained more than records relating to the auto rackets grand jury's work. After Judge Elliott withdrew from the probe several weeks ago, Black announced he would carry it on and expand it to cover the entire GOP state organization.

In a radio address some weeks earlier, Black had accused top Michigan Republican leaders of levying a \$250,000 campaign assessment on automobile dealers—\$1 for each car sold.

The dealers, he charged, expected in return certain consideration with respect to sales tax collections.

It was after Black announced expansion of the grand jury probe that Judge Elliott first ordered the attorney general to return the records, then issued a subpoena for him.

When Black finally answered the court order yesterday, much of the fire between the two seemed to have died out. The Flint jurist said he approved Black's action in turning the material over to federal authorities.

### Holy Land Refugees Menaced By Typhoid

Disease Among Homeless Arabs Is UN Problem

Alexandria, Egypt, Aug. 4 (AP)—United Nations and Red Cross officials took measures today to fight a typhoid epidemic they fear may strike among Arab refugees from the Palestine war.

Sir Rafael Cilento, an Australian who represents the refugee division of the social affairs department of the U. N., said last night there was grave danger of such an epidemic. He said the refugees are homeless and eye infection is widespread.

The Red Cross has prepared a large quantity of typhoid vaccine and doctors have inoculated more than 20,000 against the disease in Rahallah. The number of Arab refugees is estimated to be between 250,000 and 350,000.

The press officer said both Jewish and Arab leaders had agreed in principle to the demilitarization of the Holy City, but there were many problems. Most soldiers who have been fighting in Jerusalem have their homes there. The announced Jewish ambition to incorporate Jerusalem into Israel and Arab fears that Irgun Zvai Leumi and Stern dissidents are preparing to attack Arab quarters in the city also were described as obstacles.

### Tractor Accident Kills Baby Sister; Girl, 11, Badly Hurt

Hillsdale, Mich., Aug. 4 (AP)—Eleven-year-old Leota Lockwood was in critical condition today with injuries suffered in a farm tractor accident that killed her younger sister Joyce, 4.

Belva Erskin, 14, of Coldwater, suffered minor injuries in the mishap.

The three were riding on the tractor at the home of Mr. and Mrs. Harold Lockwood, parents of Joyce and Leota, at nearby Locust Corner when the vehicle went up a ramp and into a barn.

The barn floor gave way and the tractor crashed through to another floor ten feet below, Coroner Elmer B. Hagaman reported.

### Flash Flood Fatal To 36 In Venezuela

Caracas, Venezuela, Aug. 4 (AP)—Thirty-six are known dead and 28 are reported injured in a flash flood which engulfed part of the Port City of La Guaira yesterday.

### Veteran Politicians Picked In Primaries Held In 3 States

(By The Associated Press)

Voters in Missouri, Kansas and Virginia primaries yesterday gave the nod for November election competition to a field of veteran political campaigners.

In Missouri, state auditor Forrest Smith won the Democratic nomination for governor with little trouble, piling up a vote score greater than the combined totals of his two opponents, former U. S. tax collector Dan M. Nee and former attorney general Roy McKeltrick.

Smith had the support of anti-Pendergast forces in Kansas City. The GOP primary was tighter, but with only one fourth of the votes remaining to be counted, Speaker Murray Thompson of the State House of Representatives had piled up a strong lead over his closest rival, lawyer Marvel H. Davis.

In Kansas, former Gov. Andrew Schoepel got the approval of Republican voters as candidate for the Senate seat being vacated by 83-year-old Arthur Capper, a veteran of 30 years of Washington's Capitol Hill. Schoepel defeated Wichita Lawyer Harold Malone.

The former governor's Democratic opponent for Capper's job will be George McGill, who has served previously as Senator from Kansas. He ran up a two-to-one margin yesterday over farm leader E. K. Dean.

Virginia Democrats meanwhile gave the same two-to-one victory edge to Senator A. Willis Robertson, running for renomination against anti-organization candidate James P. Hart, jr., Roanoke attorney.

In Congressional contests in the three states, incumbents were in all cases either unopposed, assured of victory, or leading.

### Monopoly On Danube Retained By Russia

Plans Pushed To Tighten Hold On Navigation

BY OSGOOD CARUTHERS

Belgrade, Aug. 4 (AP)—The Russians presented today their draft plan which would give Communist-ruled states of eastern Europe exclusive control over the Danube.

Deputy Foreign Minister Andrei V. Vishinsky presented the proposal to the Danube conference, where the Russian bloc outvoted the U. S., Britain and France seven to three.

He demanded what he called "protection" of the sovereign rights of the Danubian states over the 1,800 mile waterway, the major one in central Europe. Each participating country would have immediate control of the waters on its own borders.

No matter what convention is adopted under Russia's seven to three majority vote, it can only serve to legalize the Communist contention that there must be no foreign interference along the river.

### Taverns Close Up For Cherry Season

Traverse City, Aug. 4 (AP)—In an effort to curb a wave of fatal accidents and minor crimes during the cherry harvest season, tavern owners have voluntarily agreed to close their establishments over the next two weekends.

Members of the Table Top association, cooperating with the law enforcement officers, will clamp the lid on beer, wine and liquor sales from 8 p. m. Saturday until Monday to help control a situation which Prosecuting Attorney Harry Running described as "serious."

### Bloomington Lacks Courteous Drivers

Bloomington, Ill., Aug. 4 (AP)—S. Clyde Hibbens, police chief, says he can't find any motorists doing courteous acts.

Hibbens agreed to judge a traffic courtesy contest. He prowled the streets with a \$5 bill to give to a courteous driver.

"I thought once I was going to get rid of it," he said. "A crippled pedestrian on crutches began to cross the street. Four motorists came along and all of them nearly knocked him down. If one of them had stopped, I'd have given him the money."

### ARMY REPORTS RUSH

Detroit (AP)—Volunteers for military service established a new post-war record Tuesday. Major Frank Lobianco, commanding officer at the army recruiting and induction station, announced 318 youths volunteered.

## Congress Concocts Anti-Inflation Bill, May Quit Tuesday

Washington, Aug. 4 (AP)—Senate Republicans today abandoned their efforts to pass an anti-poll tax bill during the extra session of Congress.

The action, decided upon at a conference of GOP senators, represented a victory for southern Democrats whose filibuster against the bill is in its fifth day.

Chairman Millikin (R-Colo.) told reporters the GOP conference agreed to clear the decks for the Senate to turn to other pressing business in the hope that Congress can quit by Saturday night.

Washington, Aug. 4 (AP)—The Republicans formally proposed their own anti-inflation bill today amid prospects it may reach the house for action tomorrow.

Rep. Wolcott (R-Mich.), house banking committee chairman, said

the measure calls for restoring installment buying controls through next March 15 and for moderate tightening of bank credits. These steps have been freely predicted previously by GOP leaders.

In the Republican drive to wind up the extra session of Congress next Tuesday, Wolcott said his committee may act upon the bill today, sending it to the house for consideration tomorrow.

The measure completely ignores President Truman's request for selective price-wage controls and rationing powers. Likewise, there is no mention of the president's proposed excess profits tax estimated to yield \$4,300,000,000.

Republican senators concentrated on bringing up some form of housing bill and on what to do about civil rights legislation—especially the anti-poll tax bill tied up by a southern filibuster.

The 51 GOP senators were called together for a lengthy morning discussion of what legislation may be pushed in the session before adjournment.

A decision was expected on a housing bill that would provide various aids for encouraging private construction, especially of rental property. The housing measure was expected to reject flatly the provisions of the Taft-Ellender-Wagner bill for federal low-rent housing, slum clearance and farm housing aid.

A group of house members headed by Rep. O'Toole (D-N. Y.) petitioned Republican leaders not to allow congress to adjourn without acting on cost-of-living and housing legislation.

### Second Man Caught In Detroit Slaying

Trio Held For Bludgeon Killing Of Contractor

Detroit, Aug. 4 (AP)—James Sacchetti, last of a trio accused in the bludgeon slaying of a wealthy Detroit contractor to be captured, awaited Michigan authorities today in a Charleston, W. Va., jail cell.

The 13-year-old fugitive was arrested yesterday because an alert bus rider recognized him from a newspaper photograph. Charleston police said he agreed to waive extradition to Michigan to face charges in the June 11 killing of Elmer B. Jones, 72.

Mrs. Evelyn Lari, 22-year-old mother of two children, and Ralph Ray Hunter, 30, are awaiting trial on first degree murder charges in the slaying.

The young mother told police Jones had befriended her, and named Sacchetti and Hunter as the slayers of the elderly contractor. She claimed they forced her to accompany them.

Sacchetti eluded police in Chicago after the other two were picked up there several weeks ago, and since has been the object of a widespread police and FBI search.

### Dewey May Launch Midwest Campaign Early Next Month

Pawling, N. Y., Aug. 4 (AP)—Gov. Thomas E. Dewey may open his campaign for the presidency with a trip through the Midwest early next month.

The Republican nominee discussed campaign plans and strategy for three hours here yesterday with his campaign manager, Herbert Brownell, jr.

When it was over, neither of the conferees made a statement. However, it is known that Dewey wants to start early next month, shortly after Labor Day, on a vigorous campaign.

His aides expect that the opening tour will be what they call a big swing into the Middle West, which may even extend to the far west.

### Death Takes Oldest Catholic Cardinal

Vatican City, Aug. 4 (AP)—Enrico Cardinal Sibilis, 87, oldest member of the College of Cardinals of the Roman Catholic church, died today at Anagni, his birthplace, it was announced here.

Cardinal Sibilis was Bishop of Sabina and Poggio Mirteto. His death leaves 11 vacancies in the College of Cardinals, which at full strength has 70 members.

### BASEBALL

American Philadelphia at Chicago; postponed, rain; (double header tomorrow).

National Pittsburgh at Philadelphia, postponed, wet grounds (two games tomorrow, afternoon and night).

### Western Diplomats May Ask Stalin For Another Conference

Russia Will Compromise On Currency Issue

(By The Associated Press) Tight secrecy prevailed today in Washington, London and Paris about the possibility of an agreement with Russia following talks Monday with Prime Minister Stalin.

A Moscow dispatch indicated the ambassadors of the western powers may request another conference with Stalin and Foreign Minister Molotov on the basis of reactions from their capitals. This in turn may lead to an agreement for a four-power talk on German and other questions splitting the west and east in a cold war.

The western powers have specified repeatedly there will be no talks while the Russians continue their Berlin blockade.

For the first time since the land and barge routes to Berlin were closed in June, the Russians indicated a willingness to compromise on the currency issue. Their Communist eastern economic commission and the German city magistrate proposed to the western powers that Russian-sponsored money be used as the only legal tender for taxes in return for Russian permission for western currency to circulate in their zone.

The Communists in eastern Germany started drafting a constitution which they asserted would include all Germany. The Germans of the three western occupation zones will elect a constituent assembly next month to draft a charter for western Germany.

The dispute over rival police forces in Berlin continued. Communist police were accused of more kidnappings. Only 21,000 of the 2,075,000 Germans in the western zones of Berlin accepted the Russian propaganda offer to feed all the city.

Bedliners expressed the hope the Moscow talks with Stalin would lead to a lifting of the blockade. The feeling was general there that no final agreement was reached but that the exchange of views may allow a compromise. Winter is approaching, and coal is desperately needed, though plans have been able to take in enough food.

Russian newspapers in Berlin asserted with no authority, and apparently no truth, that the U. S. is about to replace Gen. Lucius D. Clay as military governor.

### Sunbathers Hold Convention In Nude In New Jersey Park

Mays Landing, N. J., Aug. 4 (AP)—Nude enthusiasts, members of the American Sunbathing Association, convened today for their 17th annual convention at nearby Sunshine Park.

Five hundred delegates were expected for the first meeting of the group held here since 1939.

Sessions will be strictly in the nude, says Dr. Hsley Boone, 69-year-old superintendent of the 2,000-acre park, where "clothes of any kind are strictly forbidden, without special permission."

Boone, a pioneer in the nudist movement in this country, opened Sunshine Park in 1939 over the protests of local residents. The public is barred from the park, where some nudists spend summer vacations.

## LOCAL BAKERY ROBBED OF \$60

### Hamelin's Shop Broken Into At Night

Hamelin's Bakery, 1119 Ludington street, was broken into Tuesday night before midnight and about \$60 in silver and a carton of cigarettes were stolen from a desk in the building.

The robbery was discovered shortly after midnight by the proprietor when he arrived for the early morning baking shift.

Entrance was made by removing a screen and forcing a window in the rear of the establishment.

The bakery also was broken into several months ago by a group of youngsters, who later were apprehended and confessed the theft.

## Nahma Girl Scouts Go To Clear Lake

Nahma, Mich.—Twenty Girl Scouts from Nahma left yesterday for a week's camping at Clear Lake. They will camp with eighteen girls from Rapid River, seven from Garden, five from Gladstone and seven from Escanaba. This is the third week for Delta County Scouts at Clear Lake. The camp closes Saturday, the 7th. The following girls from Nahma are attending camp this week: Jeannette Warner, Peggy Phalen, Katherine Sheedlo, Barbara Denison, Jeannette Tadish, Betsy Rogers, Francis Berr, Patsy Moore, Irene Roberts, Margaret Juneau, Charlene Deloria, Nancy Camps, Loretta Sherlock, Clara Bingham, Corine Bernier, Margaret Gerou, Verna French, Kathleen Hebert, Carolyn Seftick, Janice Tobin, Betty Truska, and Helen Jane Mercier from Nahma are acting as Program Aides at the Camp. Miss Mary Krutina is Camp Director.

Miss Frances Gerow of Escanaba is in charge of Waterfront activities and also is serving as Camp Nurse. Miss Jean Miller of Gladstone is in charge of the Commissary. Miss Alice Dunsmore of Gladstone is in charge of Handicraft. The Staff has been assisted by Troop Leaders from the various Troops. Over 150 Girl Scouts from Delta County will have participated in the Clear Lake camping this year when the three week's ends August 7th.

Miss Wallace J. Bennette accompanied the Nahma Scouts to Camp yesterday. Miss Nell Fleming will leave for Clear Lake Wednesday and return Saturday.

**Personals**  
Miss Elizabeth Morehouse and Lorraine Palmer of Chicago are spending a two weeks vacation at Nahma, occupying a cabin on the beach. Miss Morehouse was a Timber Trail camper when the Chicago council operated the camp on Skeel's lake. Miss Palmer acted as director of the Chicago Girl Scout camp at Juniper Knoll last summer.

England's Oxford university dates back to 1249.

## Briefly Told

**Powers Youth Recovering**—Forest D. Wells, Jr. of Powers who was injured when a motorcycle he was riding struck a steer on a highway near Westwood, Calif., during July, is reported well on the road to recovery. Wells sustained a skull fracture and was in a state of semi-coma for some time following the accident.

**D. A. V. Meeting**—There will be a meeting of the Disabled American Veterans in Unity Hall Thursday at 8 p. m.

**Buggy Parade**—The doll and buggy parade being sponsored by the city recreation department has been postponed until next Wednesday when the band concert will be played in Ludington Park.

**Apply For License**—Application for a marriage license has been made at the office of the county clerk by Frank O. Sheffer of Brampton and Mary V. McCauley of Escanaba.

**Recreation Board**—There will be a special meeting of the city recreation board this evening at eight o'clock at the youth center. Important business will be presented to the board for consideration and all members are requested to attend.

## Disperse \$56,228 Fund To Schools

Township and city schools in Delta county will receive \$56,228.58 being dispersed to them in sales tax refund from the state through the office of the Delta county treasurer, it was announced today.

The disbursement is for the period from April 1 to June 30 and is at the rate of \$5.69 per school child. Checks to school treasurers are being mailed in the following amounts:

**Townships**—Baldwin \$1,479.40; Bark River \$4,517.86; Bay de Noc \$711.25; Brampton \$819.36; Cornell \$899.02; Ensign \$790.91; Escanaba \$1,872.01; Fairbanks \$893.33; Ford River \$1,473.71; Garden \$1,365.60; Maple Ridge \$3,294.51; Masonville \$1,815.11; Nahma \$2,219.10; Wells \$4,102.49.

**Cities**—Gladstone \$7,630.29; Escanaba \$22,344.63.

## Announce Program For Band Concert

The Escanaba municipal band, in its concert in Rose Park tonight at 7:30, will play the following selections under the direction of Albert Shomento.

Alhambra Grotto march.  
Firefly selection.  
Two Guitars.  
Black Jack March.  
Night and Day.  
Independence March.  
American Patrol selection.  
U. S. Field Artillery selection.  
Alexander's Ragtime Band.  
Americans—We March.  
Several popular standard and standard popular numbers will also be played.

## DIRECT RELIEF LOAD 'NORMAL'

### Gilbert Explains Seeming Increase In Delta

The seeming increase in the direct relief case load in Delta county is due to supplemental medical assistance received by Old Age Assistance cases, according to A. M. Gilbert, director of the Delta county social welfare department.

"There has been no increase in the normal direct relief load in the county," Gilbert said.

He explained that supplemental medical assistance to Old Age Assistance cases must be classified as direct relief, although the amount of supplemental aid may be only a few dollars. An epidemic of sickness among Old Age Assistance clients last spring caused the seeming increase in the direct relief case load.

Gilbert said the "normal" direct relief load numbered 237 cases one year in June, and in June of this year the total was 246. The additional 167 direct relief cases represented medical assistance to Old Age Assistance cases.

Total social welfare department expenditures for June of this year was \$60,951.49 compared with \$56,401.95 in June one year ago. The number of Old Age Assistance cases totaled 801, aid to dependent children 182 and aid to the blind 8 for a total expenditure of \$42,130.40, approximately the same as last year. This is financed equally by state and federal funds.

Direct relief cases in June totaled 413 compared with 346 a year ago. County welfare and hospital expenditures also increased over June a year ago, and administrative costs advanced from \$1,376.57 to \$1,596.24. Direct relief is financed by state and county funds, and administrative wholly by county funds.

## Daggett

Mrs. Ed Rabito of Daggett is visiting in Munising with her mother, Mrs. Henry Mayotte.

## Mrs. Anna Novack Dies This Morning

Mrs. Anna Novack, 67, a native resident of Escanaba, born here Feb. 17, 1881, died in St. Francis hospital here at 9:15 this morning.

Mrs. Novack suffered a fractured pelvis last July 12 and has been ailing ever since. She was the widow of the late John Novack, who died in 1932, and the daughter of the late Mr. and Mrs. Paul Kelly, all of Escanaba.

A member of the Daughters of Isabella, Mrs. Novack also was a member of St. Joseph's Altar society. She is survived by the following:

Paul, Little Lake; John, Escanaba; Mrs. Elmer Klanderud, of Larned, Kansas, the grandchildren Jeanne Novack and Barbara and Douglas Klanderud.

The body was taken to the Alto funeral home. Arrangements will be announced later.

## Queen Nominees Assured Big Time At U. P. State Fair

"One of the most wonderful days of their lives" has been assured for Upper Michigan girls who will enter the Queen Day contest to be conducted at the 15th annual Upper Peninsula State Fair Tuesday, August 17, Claude E. Bishop, Marquette, manager of the event, said today.

"It has been very gratifying the way Upper Peninsula residents have stepped in to help make Queens Day a truly great day for queens from all parts of the Peninsula," he declared. "Gifts have been generously offered for the Queen's 'treasure chest,' as well as flowers for the coronation and personal services to assure all a royal welcome."

Members of the Escanaba chapter of the Beta Sigma Phi sorority will be hostesses at the reception for the queen immediately following the coronation ceremony.

It is expected a large crowd will greet the Fair Queen and her court.

Hawaii consists of nine inhabited and several uninhabited islands.

## Motion to Dismiss Chancery Case Is Denied By Court

Judge Glenn W. Jackson of Gladstone, circuit court judge for this district, has filed an opinion in the office of the Delta county clerk denying a defendant's motion to dismiss a chancery suit against Isaac Herschel Oshins, administrator of the estate of Rita Auerbach, deceased.

The plaintiff is Clara Skoog Derouin, administratrix of the estate of Ralph Skoog, deceased. Rita Auerbach was the daughter of William Auerbach, against whom the plaintiff obtained a judgment in the January term of circuit court for the sum of \$7,000. This judgment has not been satisfied.

In the action in the July term of circuit court the plaintiff asked that the probating of the Rita Auerbach estate be held up pending settlement of the suit against her father, William Auerbach, who is the sole heir to the estate of his daughter. The defense moved to dismiss the action in the July term of court.

Judge Jackson's opinion denied the motion to dismiss on condition that a previous temporary restraining order be modified to permit the probating of the Rita Auerbach estate; except that until further order of the court none of the estate be paid or dispersed to William Auerbach.

## U. OF M. PLANS COURSE HERE

### Contemporary Trends To Be Discussed

The Conference on Contemporary Trends will be held by the University of Michigan extension service at the Escanaba junior high school building Aug. 31 and Sept. 1, Charles Folio, U. P. supervisor, announced. The summer institute will be sponsored by the Delta County Alumni association and the Escanaba schools.

Participants in the conference will be the following U. of M. faculty members: Prof. Harold Dorr, political science department; Prof. Charles Jamison, school of business administration; Prof. Louise Cuyler, school of music; Prof. Joe Lee Davis, English department; and Mrs. Harold Dorr, art department.

The latest trends in the field of music, politics, literature, art and business will be discussed by the speakers.

Other conferences have been scheduled in the Upper Peninsula as follows: Houghton, Aug. 24-25; Ironwood, Aug. 26-27; and Sault Ste. Marie, Sept. 2-3. A nominal fee will be charged to those attending the conference.

The public is invited.

## Escanabans Invited To Railroad Fair

Mayor Robert E. LeMire and Secretary J. Dudley Jewell of the Escanaba Chamber of Commerce have been invited to head a delegation of local citizens to the Chicago Railroad Fair, on Monday, August 9, which has been set aside as "Michigan Day."

The invitation to the mayor and Chamber of Commerce secretary came from Major Lenox Lohr, president of the Fair, through Michigan railroad officials, who themselves are to be among the special guests on "Michigan Day." The formal invitation includes "the entire population of Michigan."

Major Lohr indicated he thought "Michigan Day" would be one of the big state "days" at the Fair, explaining, "It ought to be, considering the century-old interest of Michigan in railroads and their importance in the state's commercial and industrial life. Michigan is eighth among states in total mileage of its railroads; it had railroads long before any other state in this section boasted them; it is the only state that ever went into the railroad business on a large scale and operated large railroads over a long period of years; its citizens once owned the 'Pioneer', the 10-ton locomotive which made the historical first railroad run up and out of Chicago in 1848, the centennial of which event the Fair commemorates and which is the central figure of the Fair. Lastly, another Michigan feature is the 'De Witt Clinton', the first train on the New York Central system, one of America's prize historical possessions and now a permanent part of the Ford Greenfield Village museum at Dearborn."

The Chicago Railroad Fair is reputed to be the greatest railroad spectacle ever presented to the American public. Thirty-eight of the country's railroads have spent \$3,000,000 on it, and are exhibiting more than \$10,000,000 of the most modern railroad equipment, some of which has not yet seen actual service on the rails. Vying with the modern are some priceless historical items of railroad equipment that date back to the very beginnings of railroading in America. The 50-acre exposition is virtually a miniature world's fair. It will run until after Labor Day.

## Gramlich to Speak At Farmer Roundup

H. J. Gramlich, general agricultural agent, Chicago and North Western Railway System, Chicago, will address the Farmers' Day audience at the Chatham Experiment Station, Friday, August 6th, to the topic: "This Changing World."

For six years Gramlich has been general agricultural agent of the Chicago and North Western Railway System, and during that time has appeared on programs in many states, including the nine served by the railroad, where he has addressed both rural and urban groups.

His practical presentation of his subject is always well received. He drives home his lesson by presenting basic facts, alternated with appropriate anecdotes and his sense of humor never fails to appeal.

## Hospital

Miss Carol Perryman is a surgical patient in St. Francis hospital recovering from an appendectomy.

## ITCH

Don't Suffer Another Minute

No matter how long you have suffered or how many remedies you have tried for itching of psoriasis, eczema, infections, athlete's foot or other externally caused skin irritations—you can get wonderful results from the use of WONDER SALVE—a war time discovery. Developed for the boys in the Army—now for the home folks.

No acids, no alcohol, no painful application. WONDER SALVE is white, creamy, pain relieving and soothing. No ugly appearance. Get WONDER SALVE—get results. It is wonderful.

Sold in Escanaba by Goodman's, Cox and Peoples Drug Store, or your hometown druggist.

## State National Guard Goes To Camp Saturday

One hundred and six units of the Michigan National Guard, including engineer companies of Escanaba, Marquette, Calumet and Sault Ste. Marie, will move out from home stations throughout the state Saturday for 15 days of field training at Camp Grayling. The move constitutes the greatest concentration of men and equipment in state National Guard history.

Approximately 7,200 Guard troops will attend the encampment. About 300 of this number will come from the Upper Peninsula by truck convoy under individual company command. Most units in Lower Michigan will move to camp by train. All troops will be encamped by Saturday evening, August 7.

The Delta county unit will leave the state fairgrounds armory by truck at 5 a. m. Saturday. All

## Schools To Open Here On Sept. 7

Escanaba public schools will open on Tuesday, Sept. 7, the day after Labor Day. Teachers' meetings preceding the opening of classes will start on Aug. 31.

## Immunization For Pre-School Child Advised by Doctor

Take time out now to see that your pre-school child who enters kindergarten this fall has "booster shots" for smallpox, diphtheria, whooping cough and tetanus.

Close association with many children in the schoolroom and on the playground greatly increases the danger of exposure to communicable diseases, but "booster shots" given now to children who were immunized as infants will protect them from the preventable childhood diseases, according to Dr. William C. Harrison, director of the Delta-Memnonie health district.

The Michigan department of health and the Michigan State Medical Society recommend children's immunization be started by 6 months of age. "Booster shots" against diphtheria, tetanus, smallpox and whooping cough should be given at 3 years of age and again before entering school.

Children who have not been immunized as infants should be given the complete series of immunizations at least a month before school starts. Your family physician can tell you the status of your child's immunization and can give the protection needed.

heavy equipment, including the D-4 bulldozer, portable air compressor, four-ton dump trucks, 20-ton trailer and six-ton Mack truck and two and one-half ton trucks, will be taken.

"Attending camp is a 'must'." Capt. Roy Johnson, Delta commander, said. "Every man who is a member of the Delta county unit is expected to attend camp and must report at the armory in ample time to leave by 5 a. m. Saturday. Detailed plans for the company convoy will be explained at the drill Wednesday night—the last before leaving for camp."

The advance detachment from Escanaba, Frank St. Cyr and Robert Beauchamp, left by truck yesterday morning. They took all company field range and kitchen equipment with them, Captain Johnson said.

St. Cyr and Beauchamp will join 196 other cooks and mess sergeants from all state units for a three-day pre-camp food service school.

First unit in the state to start the move to camp will be Calumet's Company A, which has the longest trip to make. It will move out Friday afternoon. Marquette's headquarters and service company will move out at 1 a. m. Saturday, and Escanaba will move at 5 a. m. Saturday. The Sault Ste. Marie unit will leave early Saturday morning.

The rail move in lower Michigan will include 25 separate trains made up of pullmans, baggage and flat cars.

## NEW WEAPONS

Lansing, Aug. 4 (P)—Demonstrations of the newest ground weapons by teams from the Fifth Army headquarters, Chicago, will highlight the first week of the Michigan National Guard exercises to start Saturday at Camp Grayling.

The regular Army teams will demonstrate the use of the recoilless rifle, the flamethrower and other new ground weapons. They will arrive at Camp Grayling Aug. 12 and will spend the entire afternoon showing latest tactics of an aggressor force.

### Fair Books Available

THE PREMIUM BOOKS for the 1948 Upper Peninsula State Fair are now being distributed to prospective exhibitors at the Escanaba exposition. Generally the books are being forwarded to those who have exhibited at the fair in previous years and to 4-H leaders and county agricultural leaders for distribution within the area they serve.

The U. P. State Fair premium book, however, contains considerable ideas for hundreds of persons who up to now have given no thought to entering exhibits at the fair. The U. P. Fair is established specifically as the show window of the Upper Peninsula and, as such, it should display the best art, the best crocheting, the best home-making as well as the best agricultural products of the peninsula, to name just a few of the exhibitors' departments.

To those who have never previously placed exhibits at the fair but who have something worthwhile to offer, we sincerely recommend that they secure a copy of the premium book. Copies may be obtained without charge at the U. P. State Fair office in Escanaba. The premium book will show what exhibits will be accepted in each department, the names of the officials in charge of the department and other pertinent information concerning how to enter exhibits as well as the premiums awarded to best displays in each class.

### Labor Law Outlawed

THE BONINE-TRIPP state labor law has been declared unconstitutional by Circuit Judge Theodore J. Richter of Detroit in a test case launched by the CIO-United Auto Workers.

The issue in this case involved a walk-out of 75,000 Chrysler employees without first taking a state strike vote. Presumably the circuit judge's decision will be appealed to the state supreme court for a final decision.

The basis for the lower court's ruling nullifying the Bonine-Tripp law was not disclosed in news dispatches received thus far by the Daily Press.

The Bonine-Tripp law was enacted by the Michigan legislature as a means of preventing some of the abuses that power-hungry labor leaders had demonstrated in their activities. Further it was designed to protect the public interest. Among other things, for instance, the law outlawed strikes in public utilities and strikes against units of government. It also established rules for picketing in legal strikes and further regulated the activities of strikers for the public interest.

The decision of the lower court should be appealed to the state supreme court at the earliest possible date and it is to be hoped that the supreme court will act on the case promptly.

Clarification of the legal status of this legislation is extremely important, not only for the general public but for union members as well.

### Blow At Filibustering

THE SENATORIAL privilege of filibustering regularly costs the American taxpayers huge sums of money in the expense of maintaining senatorial sessions that accomplish nothing. Even worse it serves to block action on essential legislation.

Through the use of the cloture rule, it is possible to limit debate in the senate and thereby break a filibuster but such action, rarely invoked, requires a two-thirds majority vote. In the case of the civil rights filibuster which developed in the present special session, cloture is not possible because of the unity of the southern senators who joined a bloc to prevent passage of any civil rights legislation.

The Republican leadership in the senate, however, has promised that it will lead a campaign next January to change the senatorial rules so that debate can be limited any time a majority wants to do it. Whether the Republicans can command sufficient votes to attain that objective depends, of course, upon the results of the senatorial elections in November.

It is to be hoped that favorable action can be taken on a program designed to prevent senatorial filibustering when the next congress convenes. The filibustering tactics are not consistent with the American traditions of democracy and they are extremely costly to the American taxpayers. Certainly they have no legitimate place in the U. S. senate, the most important parliamentary organization in the world.

### Fires Best Target

FIRE PREVENTION must begin in dwelling places. The last annual report of the State Fire Marshal of Oregon backs that up. In 1947, more than 74 per cent of all insurance claims in the state had to do with fires in dwellings, apartments and flats. By contrast, the second category—losses in mercantile and office buildings—

accounted for but 6.5 per cent of the claims. From the standpoint of money loss, the home fires came to nearly 30 per cent of the total for the state—about double the figure for the next highest classification.

These proportions will vary from state to state. But the home is fire's most effective target. Rundown heating equipment, sub-standard electrical facilities, carelessness with smoking materials and flammables—these causes alone are responsible for thousands of home fires each year. And in many of those fires, lives are lost.

The authorities can't inspect every home. They can't make you put your heating system in order before fall comes, or replace frayed wiring, or clean the junk out of attics and closets and basements, or do any of the other simple things that will go a long way toward making your house safe. All they can do is advise, and tell you what precautions to take. From there on, it's up to you.

If you think fire prevention is worth while, start checking on your own home now. The chances are you'll be amazed at how many hazards you find.

## Other Editorial Comments

### SENECA FALLS, 1848

(Christian Science Monitor)

July 19 and 20 were big days in Seneca Falls, N. Y., a hundred years ago. There the first women's rights convention was adopting an historic series of "sentiments" and "resolutions."

The 68 women and 32 men who signed this declaration of feminine independence were dubbed cranks and extremists by most of their contemporaries, and the press of the country either scolded them or laughed at them. Yet today their ideals are commonplaces. Most American women enjoy the fruits of "emancipation" without even being aware of the debt they owe to a century of militant feminists.

There is still, however, much to be done. In the United States women still face many legal disabilities and discriminatory employment practices, sometimes cloaked in the specious guise of "protective" regulations. There is still need for those fighters who are carrying on the spirit of Seneca Falls and who now stand closer than ever before to the fulfillment of their dream of an equal rights amendment to the Constitution.

### THEY'RE DANGEROUS

(Detroit News)

While a layman with theories as to flying discs and the like is speaking out of a profound ignorance in such matters, it seems to him that the only reasonable explanation for the wingless, flaming object reported by reputable witnesses over Alabama is that an experimental aircraft of some kind is using the sky thereabouts as a test course.

"Flying saucers" sighted in many sections in July, 1947, were dismissed as optical illusions or fragments of meteors, neither of which phenomenon would be likely to have the two decks of square windows plainly discerned on the sides of the Alabama mystery craft by veteran commercial pilots a few hundred feet away.

If the ship is indeed a test model of some new departure in aircraft of immense speed and size, the selection of a trial course which brings it alongside commercial planes on scheduled runs, and over thickly settled communities, is obviously open to question.

The sand wastes of the Southwest seem the site of prudent choice for potentially lethal gadgets, of which the flying cigar at first accounts would appear to be one.

Check in on your government's bonds—make the check as large as possible.

Hamburger is high—and not only from getting a bun on.

## Take My Word For It . . .

Frank Colby

### PET SPEECH PEEVE

Eleven-year-old Trudy Stratford, of Detroit, will receive the usual award for submitting her Pet Speech Peeve in this indignantly but charming letter of protest:

"My peeve is the silly names most people give to their little cocker spaniels. I think cockers are sweet and they deserve something better than to be called something dumb like Droopy or Flopsy. Suppose you had to go around for ever with a name like that!"

I'm sure I wouldn't like it.

Trudy is reporting accurately, for several cockers of my own acquaintance bear such inane sobriquets as Mopsy, Taffy, Corky, Spooky, Smoky. Indeed, in my immediate family there is a half-grown platinum buff creature of steel springs, rubber bands, and atomic energy, who answers to the name Snoopy.

Perhaps the heart-rending woe-begone reflected in a cocker's face is due to his understanding, on reaching maturity and acquiring a good vocabulary, of the meaning of such a name as Cuddles or Pety.

Ah, where are the good old he-dog names of yesteryear—Prince, Towser, Rex, Sport, Spot, Bruno, Major, Fido, Duke, Rover, Colonel, Blue, Ranger, Tiger, Sandy?

Any dog could walk in pride with such a name.

Cocker spaniels despite their gentle ways and silken fur, are gallant and courageous. They were bred as sporting dogs, not lap pets. Trudy and I see eye to eye on this matter of baby-talk names for cockers, the most popular of all breeds in America.

Mopsy, Flopsy, Droopy, indeed! No wonder that it isn't news when dog bites man.

Almost as bad are the high-flown names given to dogs when they are registered with the American Kennel Club. Westbrook Pegler once wrote:

"For the fifth year in succession I have

## World Events Analyzed

BY THOMAS L. STOKES

Washington.—The conversion of amiable banker John W. Snyder, our secretary of treasury, comes a bit late, but still we all perhaps should be grateful for it.

He has come around now, if somewhat grudgingly, to the view that maybe Congress should do something about curbing free-and-easy bank credit, which was what Marringer S. Eccles, then Federal Reserve

### CHILDS ON VACATION

Marquis Childs is taking a vacation for a couple weeks. During his absence Thomas L. Stokes, well known Washington correspondent, will write for the Press.

chairman, urged 'way last November to check the rapidly mounting inflation.

Banker Snyder was against any such curb then and sold President Truman on that attitude. As a result of the conflict on policy in the higher financial levels of government, Mr. Eccles was demoted from chairman. Luckily he did not quit in a huff—as he had every provocation to do—but stayed on the Federal Reserve board so that we still have him around to help, as he is doing again by telling the blunt and necessary hard facts of life to congressional committees.

### BANKERS ARE HUMAN

To get back to banker Snyder—he made an observation the other day which revealed the fraternal feeling toward bankers, to wit:

"I have always believed that our chief reliance for the control of inflationary bank credit lies in the good judgment of the individual bankers in the 15,000 banks in the United States."

An understandable fellow-feeling—yes. It is not the purpose here to disparage bankers, at least not much. In fact, their judgment is traditionally so cold that they look hard to some of us ordinary mortals, when comes the caricature of the tight and mean fellow at the other side of a big, shiny desk who squints so doubtfully at our collateral and at the spot on our coat front.

But bankers do have some of the human qualities of the rest of us. They can get caught up in the exhilaration and excitement of such a boom as we have now. Some of us can remember how that happened once before, back there in the high-rolling, let-'er-rip days of the late nineteen twenties before the crash.

It's a sharp memory still, especially to us who sat as reporters afterward at congressional investigations and learned how some bankers, too, had finally succumbed to the boom fever and had extended themselves too far and loaned on enterprises that were not sound. Some of them got mixed up in speculative ventures, and the story of how some of our biggest bankers had misused their stewardship was one of the disillusioning episodes of that era.

The bankers became the villains of that time, as some of us can remember. They were pilloried. A worn-out vaudeville trouper could always get a bitter laugh and pick up his act by some gag about bankers.

### GOVERNMENT MOVED IN

The government moved in as a result of what had been disclosed and Congress put more stringent regulations on banking and bankers and financing generally. Marriner Eccles came to Washington in those days and had a part in much of that. Since that time he has had a part continuously in the management of the Federal Reserve system and in shaping our financial and credit policies. At the risk of making a bad pun, it may be said that he's a good man to bank on in these times because he has seen it all and knows from experience what can happen.

Bankers won back their respect eventually and could walk down the street again, head high, without hearing a dirty crack and a snicker behind their backs. But they could become the goats again very quick, so important roles do they play in our lives.

It should be a warning to them, as to everybody else, that it again has become apparent to government officials—even banker Snyder—that some curb is necessary on bank credit, for this is an indication that bankers, too, have been hypnotized by the boom along with so many others.

Politicians never like to put any kind of a damper on a boom, especially in an election year. They are acting true to form now in Congress, devoting their time to blaming each other, with few ready to take the hard road and do the necessary unpleasant things.

What we all need possibly, bankers, businessmen, farmers, labor, everybody, is something of the spirit of that hard-fisted banker of the caricature—that is, if we don't want to end up in that "bust" about which Marriner Eccles talked, and of which so many of us know from hard experience of not too many years back.

It's wise to regiment ourselves a little now rather than be regimented later in bread lines and bank lines.

pored over the catalogue of dogs in the show at Madison Square Garden without finding a dog named Rover, Towser, Sport, Spot, or Fido.

"Who is the man who can call from his back door at night? Here, Champion Alexander of Clane O' Wind-Holme! Here, Champion Alexander of Clane O' Wind-Holme!"

Any self-respecting dog would sink away in the night and join forces with the nearest wolf-pack.

An understanding of the personal pronouns is essential to good English. Mr. Colby's pamphlet, C-22, is used in hundreds of classrooms because of its simplicity and common sense. For a copy, send a stamped, self-addressed envelope and five cents in coin, to Frank Colby, in care of Escanaba Daily Press, P. O. Box 99, Station G, New York 19, N. Y.

## Looks Like a Dunking!

## Good Evening

By Clint Dunathan

BEARS AND SUCH—Writing from Newberry, Mrs. Minnie Mattson comments on reports reaching her that persons visiting garbage dumps and other places where black bears feed are teasing them and making them dangerous.

Dunathan

She describes the teasing as "an alarming bit of news," and tells why she thinks so.

"Various methods are being used to anger the beasts. Clubs are thrown at them, they are shot at with fine shot. The bears are first encouraged to come within reach by putting out garbage to attract them."

With logic, she points out that bears belong to the wilderness. When you invite the animals to come out of the woods for a snack and then pester them, you should expect trouble.

MORE FOOD—The bear that killed and carried off the young daughter of a forest ranger in Chippewa county about a month ago was killed by a posse. It was examined and found to be normal insofar as its physical condition was concerned. Game experts said it was probably hungry. It was not rabid—a condition that may also affect certain wild animals as well as the dog.

Bears depend upon berries for a large portion of their food. The blueberry crop was scanty. Usually these berries are the first to ripen in any quantity.

Now other wild berries are ripening and the black bear's food situation is improved.

ORCHARD RAIDER—We were recently scouting the plains south of Cooks in Schoolcraft county and discovered many signs of black bear activity. This is a popular blueberry country, incidentally, and the fact that so few pickers have been disturbed by bears indicates the natural timidity of the animals.

In several places where blueberries could be found, there also were bear tracks and other signs of bear. The bushes were trampled and the berries (including the leaves) stripped from the stalks.

Elsewhere on the plains bears had climbed into and broken down the June berry bushes. Several of the clumps of bushes were practically flattened. After breaking the bushes the bear could then reach and eat the berries while standing on the ground.

Still other signs of bear were the rotting stumps and logs that had been pulled apart in the animals' search for ants and grubs. On these the bear had left deep scratches with his raking claws.

NOT AFTER PEOPLE—When fall comes there is always the probability that bears will raid apple orchards on farms that border wild lands. They climb the trees and break out the branches or shake down the fruit, then return to the ground to eat.

Bruin is not after human meat on these trips to a farm orchard. Nor is he interested in chopping up a few berry pickers on the plains. He could, however, for the number of people pursuing blueberries over the weekend numbered in the thousands. Happily for the pickers, the bears kept aloof.

BEAR BAITING—The teasing of bears, as pointed out by Mrs.

## INTO THE PAST

Ten Years Ago

Escanaba—Jack Johnson of Milwaukee who is a nephew of Rev. Karl J. Hammar, is spending a vacation with Mr. and Mrs. Levi Turnquist and the Hammars.

Escanaba—Rev. and Mrs. Thomas Foster arrived Wednesday from Piqua, Ohio, for a vacation visit in Escanaba, and are guests at the home of Mr. and Mrs. L. W. Smith, 601 Ogden avenue. Rev. Mr. Foster was former rector of St. Stephen's Episcopal church of this city.

Escanaba—Mr. and Mrs. John J. Bartella received a cablegram from Manila, Philippine Islands, Wednesday, announcing the birth of a son, John Bartella III, to Lieutenant and Mrs. John M. Bartella, on Wednesday morning, August 3.

Twenty Years Ago

Escanaba—Mrs. H. W. Reade entertained at her home last Thursday afternoon in honor of the third birthday anniversary of her grandson, Roger Walker, Jr. Fifteen children and their mothers were guests.

Escanaba—Mr. and Mrs. Arthur B. Anderson, Clinton, Ia., and Rev. Anderson of Fond du Lac are visiting at the home of City Clerk and Mrs. Carl E. Anderson.

Escanaba—Mr. and Mrs. C. Arthur Anderson, daughter, Evelyn Mae and son, Gerald Arthur, have returned from a ten day's visit with relatives on Washington Island.

Escanaba—Mr. and Mrs. Casper Bartley, Miss Nellie Bartley and Mrs. G. C. Bartley have left for a visit at the home of Mrs. G. Hendricks in Milwaukee.

## So They Say

If war should come the United States must be able to carry the battleground of that war to any land whose aggression has produced the conflict.

The United States only asks for peace with justice in the world and that the United Nations be made to work for that purpose.—President Harry S. Truman.

Mattson, is not new. Bear baiting has provided "entertainment" for humans for many centuries, both in European countries and in this country until shortly before the turn of the century.

The placing of a bear and a fighting dog or dogs in an enclosure should not be confused with the sport of bear hunting. The pursuit of a bear in the wild at least gives the animal an opportunity of escape, while bear baiting is a sadistic exhibition with the bear doomed to eventual death.

MEETING HIM—Naturalists have described the attack of the black bear upon the little girl in Chippewa county as a "once-in-a-million" occurrence.

This is borne out by the experience of those persons who have spent much time in the woods. Certainly, if bears were hungry man-eaters there would be human bones scattered through Michigan woods like straw on a barn floor. But bears are usually law-abiding and peaceful, with no other interest than maintaining themselves in their natural habitat.

Mrs. Mattson advocates a law prohibiting persons from annoying, teasing or willfully molesting bears; because such actions result in making ferocious an animal that may later wreak its vengeance on a defenseless and innocent human being.

## The Washington Merry-Go-Round

BY DREW PEARSON

Washington.—One congressman who has sadly ignored the old adage that those who live in glass houses shouldn't throw stones, is bouncing Rep. J. Parnell Thomas of New Jersey, chairman of the un-American activities committee.

If some of his own personal operations were scrutinized on the witness stand as carefully as he cross-examines witnesses, they would make headlines of a kind the congressman doesn't like.

It is not, for instance, considered good "Americanism" to hire a stenographer and have her pay a "kickback." This kind of operation is also likely to get an ordinary American in income-tax trouble. However, this hasn't seemed to worry the chairman of the un-American activities committee.

On Jan. 1, 1940, Rep. Thomas placed on his payroll Myra Midkiff as a clerk at \$1,200 a year with the arrangement that she would then kick back all her salary to the congressman. This gave Mr. Thomas a neat annual addition to his own \$10,000 salary, and presumably he did not have to worry about paying income taxes in this higher bracket, because he paid Miss Midkiff's taxes for her in the much lower bracket.

The arrangement was quite simple and lasted for four years. Miss Midkiff's salary was merely deposited in the First National Bank of Allendale, N. J., to the congressman's account. Meanwhile, she never came anywhere near his office and did no work for him except addressing envelopes at home for which she got paid \$2 per hundred.

### THOMAS AND INCOME TAXES

The congressman was very careful about paying Miss Midkiff's income tax except that on March 14, 1944, he wrote the collector of internal revenue asking for a delay in payment for "my clerk," Myra Midkiff for the year 1943.

"Circumstances have arisen," Thomas wrote, "which make it necessary for Miss Midkiff to request a deferment in the payment of the amount of \$118.92 which should be paid with this return. Therefore, I personally shall appreciate it if this payment be deferred for one month."

How "personal" his "appreciation" was, few people knew—certainly not the collector of internal revenue. For it was Thomas himself who was short the money to pay, not his clerk. One month later, Thomas had recouped his financial position and sent the check to internal revenue.

This kickback plan worked so well that four years later, Miss Midkiff having got married and left his phantom employ, the congressman decided to extend it. On Nov. 16, 1944, the House disbursing officer was notified to place on Thomas's payroll the name of Arnette Minor at \$1,800 a year. Actually, Miss Minor was a day worker who made beds and cleaned the room of Thomas's secretary, Miss Helen Campbell. Miss Minor's salary was remitted to the congressman. She never got it.

This arrangement lasted only a month and a half, for, on Jan. 1, 1945, the name of Grace Wilson appeared on the congressman's payroll for \$2,900.

### HIS WIFE'S AUNT

Miss Wilson turned out to be Mrs. Thomas's aged aunt, and during the year 1945 she drew checks totaling \$3,467.46, though she did not come near the office, in fact remained quietly in Allendale, N. J., where she was supported by Mrs. Thomas and her sisters, Mrs. Lawrence Wellington and Mrs. William Quaintance.

In the summer of 1946, however, the congressman decided to let the county support his wife's aunt, since his son had recently married and he wanted to put his daughter-in-law on the payroll. Thereafter, his daughter-in-law, Lillian, drew Miss Wilson's salary, and the congressman demanded that his wife's aunt be put on relief.

And when Bergen county officials were a little slow about taking care of Miss Wilson, Thomas showed that he was not a leading Republican politician for nothing. Writing to Peter Halsted, director of the Bergen county welfare board, the congressman said:

"Dear Pete: You will recall that I suggested that you have one of your assistants contact Mrs. Thomas in the matter of her aunt, Miss Grace Wilson. . . It is very important that your organization get busy on the case at their earliest convenience. . . It is important that your representative telephone Mrs. Thomas in order to make an appointment."

Rep. Thomas had voted against Roosevelt relief policies, but when it came to his wife's aunt, things were different. Pete Halstad obeyed orders. Mrs. Thomas's aunt was taken care of.

### TROUBLE IN RED ARMY

Reports have leaked out through the iron curtain that an anti-Communist movement may have sprung up inside the Red army.

According to uncensored reports, anti-government tracts have been circulated among Russian soldiers and have even shown up on the streets of Leningrad. Pamphlets published by an "anti-Communist organization in the Red army" also have been picked up in Vienna which is partly occupied by Soviet troops.

Meanwhile, Lt. Gen. Kuzma Romanovich went so far as to complain in an article in the Soviet Army Journal recently that discipline has sunk to a new low. He demanded a tightening-up against laxity in the army.

Uncensored diplomatic advices also indicate that the Russians are reaping repercussions in Eastern Germany. One bloc of German Communists has appealed boldly to the Soviet military administration to abandon the Berlin blockade.

As a result of this unrest in the Soviet zone, Russia has ordered a purge of the Russian-sponsored Socialist Unity party.

Pearson

## FARM ROUNDUP TO BE FRIDAY

### Open House Is Planned At Chatham Station

Everything is in readiness for the annual "open house" at the Chatham Experiment Station where the annual Farmers' Round Up will be held on Friday, August 6. J. G. Wells, Jr., superintendent of the station, believes farmers and homemakers will find a full day of interesting activity for them.

Starting at 10:00 a. m. (EST) there will be tours of the experimental plots, the garden and the orchard. The poultry and dairy animals will be available for inspection.

Regular station employees, county agricultural agents in the Upper Peninsula and officials from Michigan State college at East Lansing will be available to help explain demonstrations at the station.

At noon the visitors may enjoy their picnic lunches in the shade of the station orchard. Free milk and coffee will be available. Camp Shaw will be open and meals for a limited number of people will be available there.

The speaking program immediately after lunch includes short talks by H. J. Gramlich, general agricultural agent for the C. & N.W. Ry., Chicago; V. R. Gardner, director, Agricultural Experiment Station, Michigan State College; and Dr. O. M. Hardin, associate director. Following the speaking program there will be short demonstrations of the hay chopper and blower, the home-made sprayer for weed killing chemicals, and the home-made spreader for grasshopper bait.

Superintendent Wells points out one new project at the roundup this year, that of forestry. A tree falling and cutting demonstration with one-man and two-man powersaws will be given both in the morning and the afternoon. Roy Skog, extension forester, and Bruce Spike will handle the equipment in the same way that has proved popular in demonstrations in the counties.

## LAKE CARRIERS TO AID DRAFT

### Ask Sailors To Register In Port Cities

To avoid loss of sailing time, the Lake Carriers' Association will ask Selective Service directors of states bordering the Great Lakes for permission to register draft age lake seamen in LCA assembly rooms, when registration starts on August 30.

These assembly rooms are maintained in all of the principal ports, including: Ashtabula, O.; Cleveland, O.; Conneaut, O.; Lorain, O.; Toledo, O.; Detroit, Mich.; Buffalo, N. Y.; Erie, Pa.; Duluth, Minn.; South Chicago, Ill.; and Milwaukee, Wis.

This would duplicate the procedure followed at the time of the last draft and enable men of draft age to register in port cities, regardless of where their home registration place might be and permit them to return to their vessels by the time the loading or unloading operation is finished and thus lose no time. A 3-day leeway was permitted at the time of the last draft so that men whose vessels were out on the lakes on registration day would be able to report at the next dock touched by their freighter and avoid late registration.

Request will be made by the association of the state directors as soon as they have been confirmed.

## Michigan Bell Marks 70th Birthday Of Telephone Thursday

The 70th birthday of the telephone in this state will be quietly observed Thursday by the Michigan Bell Telephone Company, while engaging in the largest construction and improvement program in its history.

G. A. Marcouiller, manager here for the company, pointed out that the first telephone exchange, serving 53 subscribers, was opened at Detroit on August 5, 1878, by the Telephone and Telegraph Construction company, direct ancestor of Michigan Bell.

Five weeks later, the first directory of subscribers to the "speaking telephone" system was published. It listed 133 customers but no numbers.

The license to operate a telephone company under Alexander Graham Bell's patents was obtained by William A. Jackson and George W. Balch through direct negotiation with the great inventor himself and Gardner G. Hubbard, Bell's father-in-law and business agent.

After a year of experimentation with private lines, Jackson and Balch asked, Thomas A. Watson Bell's assistant, to come to Detroit to advise them on technical problems regarding the organization of an exchange. This Watson did and later personally arranged for the shipment of a small switchboard from Boston.

From such modest beginnings, Michigan Bell has enlarged its facilities to serve over 1,600,000 telephones. It has grown as much in the last eight years as in the preceding 62 years. With its five-year, postwar construction program of \$220,000,000 at the half-way mark, the company has suc-

**KIWANIS OFFICER**—Dr. K. F. Harrington of Escanaba, past president of the Escanaba Kiwanis club, was elected lieutenant governor of the Upper Michigan division of Kiwanis International at the district convention held in

ceded in cutting its waiting list from a high of 127,000 at V-J Day to 30,000 today, while meeting the greatest demand for new service on record.

## How To Control A Mother-in-Law, Call Her A Red

By ROBERT C. RUARK

New York — The ancient problem of keeping a mother-in-law loose at the plate has finally been solved, it seems to me, by that fellow William Remington, who is on the grill in the Communist hearings down in Washington. Obviously the young man has experienced some strife with his wife's mama, and so he calmly labels her a Communist.

This is just by way of warning Mrs. Polly Webb of Washington, D. C., that she had better mind her step in the future, or her loving son-in-law will holler "Commie!" at her, in such a loud voice that all Congress will hear. Before she knows it, she will be standing in the dock, answering rude questions about where she was on the night of such-and-such. Her spouse will be read out of the Lions, and she won't get asked to

Wausau Tuesday. Dr. John H. Nickell of Oconomowoc was elected governor of the Wisconsin Upper Michigan district, and Frank Horak of Oconto was named treasurer for the 10th consecutive term. Appleton was awarded the 1949 convention.

any more hen parties at congressional country club.

### Wears Red Hats

I have been massing a mess of evidence on this lady, against the day she gets out of line. Did you know, for instance, that her favorite color is red? Yessir. Red frocks. Red hats. Even red shoes and red accessories. It is subtle Communist infiltration, that's what it is. When I think of those two innocent children, exposed for all those years to nothing but red, red, red, I tell you I just see — oons. I mean I just get furious.

There is another thing, gentlemen of the congressional committee. I can prove that this woman is dead set against the Democratic way of life, that she is an enemy of the capitalist system, and an opponent of free enterprise. She never hesitates to employ the picket as a weapon, and is callous about imposing her will on those around her.

For instance, her son-in-law, a gentle, modest taxpaying, god-fearing young man, has been feeding and clothing her daughter for 10 years. He makes his living with a typewriter, and often sits up as late as 4 a. m., typing until his fingers bleed in order that this woman's daughter may be kept in milk coats, trips to Europe, platinum watches and other gewgaws necessary to the feminine pursuit of happiness.

If this selfless youth is to maintain his health and strength, he must get some rest, and obviously, if he works until 4, he must sleep

until noon. That is the American way, gentlemen—the right of a man to live his life as it suits him.

### "Shameful Decadence"

This woman—this tool of Stalin, Polly Webb—Refuses to recognize that right. She calls it shameful decadence. Arising at the stroke of seven, she arms herself with a vacuum cleaner and picks the area outside my room. Of late, she has stripped the muffler from this infernal machine, and the noise is that of a heavy tank parade. It matters not that the rug is worn threadbare from vacuuming. The woman is plainly attempting to wreck my health, sabotage my work, and incidentally get me down to breakfast with the rest of the family. I tell you these people are fiendishly clever, and will stop at nothing to spread their poison.

I can go on like this for days. I could tell you incidents of how she inflicts her iron whim on husband and children, on the servant and even the collie. That poor capitalistic animal is so cowed that he flees, screaming, when she steps out of the house, and we have had to send him to the vet three times for psychic therapy.

### Garden

Mrs. Edward Lemarb of Chicago has returned home after visiting with her father, Philip Plante of Garden, the past five weeks.

## INLAND BUILDS NEW ORE BOAT

### "Wilfred Sykes" Honors Head Of Firm

Edward L. Ryerson, chairman of Inland Steel Company, today announced that the new ore boat under construction for Inland will be named the "Wilfred Sykes" in honor of the president of the company.

Mr. Sykes has been associated with Inland since 1923 when he was employed to take charge of construction and engineering work. From 1927 to 1930 he served as assistant general superintendent and from 1930 to 1941 as assistant to president in charge of operations. He became president of Inland Steel Company in May, 1941. He has been a director of the company since 1935.

In addition to his numerous memberships in technical societies, Mr. Sykes is president of the Chicago Association of Commerce and Industry, president of

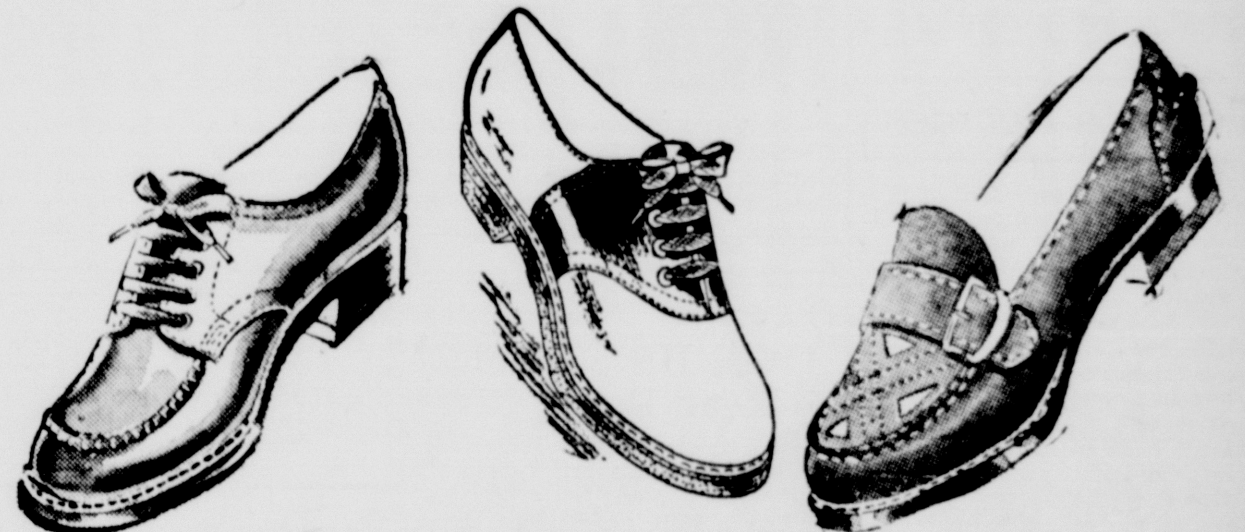

the Glenwood School for Boys, and trustee of Illinois Institute of Technology.

The new ship which will bear his name will be the largest and fastest on the Great Lakes, having a carrying capacity at intermediate draft of 20,000 gross tons. The ship will be 678 feet long, 70 feet wide, and 37 feet deep, and will run at 18 miles per hour when loaded.

The contract for construction of the new ship was let in June to The American Ship Building Company of Cleveland, O., for delivery before the navigation season of 1950.

**Calvary Baptist**  
Rev. David Cathcart will be the special speaker at the mid-week service at the Calvary Baptist church. Mr. Cathcart was for 35 years a field worker in the Sunday school work of the American Sunday School Union.

**Central W. S. C. S.**  
The W. S. C. S. of Central Methodist church will meet at 2:30 Thursday, August 5. Hostesses are Mrs. Otto Nelson, Mrs. Arvid Magnuson, Mrs. Oscar Gidlund, Mrs. Malcolm Stonecliff, Mrs. Arthur Glenwood, Mrs. Ben Woodard and Mrs. Herman Nye.

**Immanuel Aid Thursday**  
The Ladies Aid of Immanuel Lutheran church will meet at 2:30 p. m. Thursday in the church parlors. The program theme is "Let Us Tell Others of His Love." Hostesses are Mrs. Einar Larson, Mrs. Olaf Amundsen and Mrs. Oscar Isaacson.

**WSCS Meeting**  
There will be a regular meeting of the Women's Society of Christian Service of First Methodist church Thursday afternoon.

Today's Recipes

Mrs. Clifford Westerdaal of Wilson has kindly submitted the following recipes for pickles and corn relish for the inquiring Fayette reader.

**Rummage Pickles**  
3 qts-green tomatoes  
2 qts-green cucumbers  
4 bunches-celery  
3 green and red peppers  
1 large head of cabbage  
4 large onions, finely chopped  
2 ripe cucumbers, peeled  
Chop all above ingredients together on food chopper with coarse knife. Sprinkle a half cup of salt over this and let stand overnight. Drain well.  
Take two quarts cider vinegar four pounds of brown sugar, one teaspoon each of celery cinnamon sticks and of caraway seed tied in cloth ball and soak 15 minutes. Then add vegetables and cook for one hour, until clear. The pickles are then ready to be packed in jars.

**Corn Relish**  
1 qt.-vinegar  
3 cups sugar  
2 red and green peppers, cut fine  
4 large onions, finely chopped  
2 teaspoons celery seed  
1 teaspoon turmeric  
2 teaspoons ground mustard  
salt to taste  
1 head cabbage, chopped fine  
3 qts-corn off cobb  
Cook slowly for one hour and can while hot.

Personal News

Mrs. Helen Jackson, 403 South 18th street, left this morning for Rockford to visit her daughter, Joan, and her sister, Mrs. Frank Broge.

Rapid River

**Calvary Aid**  
Rapid River, Mich.—The Aid society of Calvary Baptist church in Rapid River is meeting Thursday afternoon in the church parlor. A pot luck lunch will be served. Last Sunday a large group of Calvary Lutheran members went to Stonington for a joint meeting with the members of Bethel Lutheran church. Services were conducted by Rev. Phillip Engdahl. Sunday school children also attended. A pot luck lunch in Stonington Point park was served following the services.

**Personals**  
Mrs. Francis Crispell and Mrs. Edward Wilnow of Jackson visited recently with the Arthur Tienert family.

The Nels Ebbsen family, who have lived in Masonville the past year, are moving this week to their new home in Hyde. The Ebbsens formerly lived in Escanaba.

John Person, who for the past 19 months has been serving with the Army of Occupation in Pusan, Korea, as a technician fourth grade with the sixth division band, received his discharge June 11 at Camp Stoneman, Calif. Following his discharge he visited his father in Bakersfield and was joined there by his sister Anita. After visiting here he will visit his sister, Mrs. Clinton Palmer, in East Lansing and then return to his studies in Augustana college in Rock Island, Ill. Anita plans to remain here for the school term.

Marjorie Martin of Route one, Rapid River, returned last week from Ann Arbor where she was receiving medical treatment at the University hospital. Mrs. Henry Martin and daughter Doris are still in Ann Arbor. Doris Martin is receiving treatment in the hospital.

Richard Kirch of Falls Church, Va., who has spent a month here with his grandfather, Charles Kirch, left Wednesday to return to his home.

**A RECENT VISITOR** in Escanaba as a guest of Mrs. Mayme Moreau, 302 South 16th street, Mrs. Anne Laviolette, 326 South Ninth street, and Mrs. Med Beaudoin, 304 South Ninth street, was Adolore Cinqmaris, their brother, of Robertval, Quebec, Canada. Mr. Cinqmaris has not been in Escanaba, his former home city, in the past 50 years. He stayed two weeks and was accompanied by other relatives from Robertval.

Overseas Brides Will Have Picnic Near Rapid River

The newly-formed Overseas Brides club, at a meeting held recently, made plans for a picnic at the Dutch Mill, near Rapid River, on Sunday, Aug. 15.

Members of the club are asked to make arrangements with the club secretary, Mrs. Glen Moreau, 2238 Lake Shore drive, Mrs. Theodore Rix of Escanaba is in charge of picnic arrangements.

Last Saturday evening the brides were the guests of Mr. and Mrs. Gideon Stegath at their Lake Shore home. Colorful Chinese lanterns were hung about the pavilion and proved very useful during the sudden storm.

A large bonfire was built on the shores and the evening was given to dancing. Mrs. Rudy Bauer of Soo Hill was in charge of arrangements for dancing and the music, and was assisted by Mr. and Mrs. Gideon Stegath, Jr.

An interesting point, mentioned by the club scribe, was the difficulty encountered at first, for the foreign brides do not know "Jive" and the American men were not accustomed to the more formal dancing to which their wives are. The difficulty was overcome however, and a lively program resulted.

The war brides also plan to have recordings made of their voices and those of their children to send to their homes.

Attending the Saturday social were the club president, Mrs. May Pyke, Mrs. Rudy Bauer, program chairman; Mr. and Mrs. Gideon Stegath, Jr., Mr. and Mrs. Theodore Rix, Mr. and Mrs. John, Mr. and Mrs. Saaranen, Mr. and Mrs. George Lieungh, Mr. and Mrs. Roy Seymour, Mr. and Mrs. Bernard Berg, Mr. and Mrs. Glen Moreau and Mrs. Wilfred Casey. Visitors included Mr. and Mrs. G. R. Stegath, Sr., Mrs. A. L. Holderman and Dr. and Mrs. Baldwin.

The Santa Fe Trail was in use centuries before Columbus discovered America.

The Saddle Shoe Set

By Teen Ager

Attending Northern Michigan College of Education in Marquette in the fall will be Pat Frasher, Mary Nicholas, Billie Daniels, Bev Peters and Carol Arntzen. The new Northern girls' dorm is constructed so that roommates share a suite—one room for study and one for sleep. Makes it handy when one gal wants to take a snooze and the other has an urge to burn the midnight oil.

Jean Johnston, 302 Stephenson avenue, is visiting in Chicago with her grandmother, Mrs. Laura Alton. Jean will be a senior next year.

At the beginning of the summer we mentioned that corduroy was quite the popular fad with the male college set. Also going overboard for that material are the femmes' fashion designers. Jackets, rain coats, suits, skirts, and dresses for fall are number one on the hit parade in both bright and subdued colors.

The recent doll buggy parade and the one to be held at Ludington park next Wednesday evening bring to mind the gals' affairs of this type held when we teens were teens. Looking in a back copy of the press for July 21, 1938 we find that among the ardent participants were Louise

Walker, Aileen Gaffney, Delores Groos, Louvaine Schills, Gail LaChapell, Jane Holderman, Marilyn Groos, Joan Painter, Rosemary Lequia and Marilyn Nicholson.

Ernie Belanger has returned from Long Beach, Calif., where he was employed. Ernie, swivel-hipped halfback, (description plagiarized from press sports writer) on the Eskey '48 grid squad, will participate in Negaunee All-Star fracas.

—B. A. D.

Births

Mr. and Mrs. Harry Johnson of Detroit are the parents of a daughter born at 6 a. m., today in Detroit. The child, second in the family, weighed 7 pounds, 11 ounces. Mrs. Johnson is the former Ellen Westerberg, daughter of Mr. and Mrs. David Westerberg of this city. Mr. Johnson is the son of Mr. and Mrs. John Johnson, 1315 North 19th street.

Social - Club

**W. C. O. F. Meeting**  
The Women's Catholic Order of Foresters No. 56, is meeting Thursday at 8 p. m., at the home of Mrs. Cora Carr, 321 South 14th street. All members are urged to attend this regular meeting. A social hour will follow.

# Wildfowl Hunting Rules Out For 1948

Washington, (AP)—Secretary of the interior Krug Friday announced wildfowl hunting rules for 1948.

Longer seasons and larger bags will be allowed waterfowl hunters in the west. Waterfowl rules in the central and eastern states remain unchanged.

The bag limit on coots was reduced from 25 to 15 birds a day. The seasons for rails and morning doves were reduced from 90 to 60 days and from 60 to 45 days, respectively.

Regulations are based on the abundance of wildfowl as shown by flyway surveys and breeding ground studies.

States in the Pacific flyway—Washington, Oregon, Idaho, California, Nevada, Utah and Arizona—received the most liberal waterfowl regulations—a choice of a split season of 17 days each, and a daily limit of five birds and a possession limit of 10.

The central flyway states—Montana, North Dakota, Wyoming, South Dakota, Nebraska, Colorado, Kansas, New Mexico, Oklahoma and Texas—have the same bag limits but received a choice of a 35-day season or two hunting periods of 14 days each.

The remaining states have the same rules that applied last year—seasons of 30 days or 12-and-12 days, and daily bag and possession limits of four and eight birds each.

Daily shooting hours were changed slightly. Duck, geese,

brant, coot, rails and gallinules may be taken daily from half an hour before sunrise to an hour before sunset.

Woodcock, morning or turtle doves, white-winged doves and banded pigeons, with a few exceptions, may be shot from half an hour before sunrise until sunset.

On the opening day of the season or of each split hunting period waterfowl and coot may not be hunted before noon.

The woodcock season was doubled from 15 to 30 days.

Seasons:

Mississippi Flyway

Waterfowl and coot—Daily bag limits 4 ducks, possession limit 8, including one wood duck only, daily bag for American and red-breasted mergansers, 25; no possession limit except on opening date of season; geese, daily bag and possession limit, 4, including either 2 Canada geese or subspecies or 2 white-fronted geese, or 1 of each; coot, 15, or not more than 15 in the aggregate of rails coot.

Michigan and Wisconsin, Oct. 15-Nov. 13.

Rails and gallinules—Limit 20 sora or not more than 15 in the aggregate of other rails, gallinules and coot.

Wisconsin, Oct. 15-Nov. 13; Michigan, Sept. 1-Oct. 30.

Woodcock—Daily bag limit 4, possession limit 8; Michigan Upper Peninsula, Oct. 1-20, Lower Peninsula, Oct. 15-Nov. 3; Wisconsin, Oct. 1-30.

Michigan and Wisconsin, Oct. 15-Nov. 13.

Woodcock—Daily bag limit 4, possession limit 8; Michigan Upper Peninsula, Oct. 1-20, Lower Peninsula, Oct. 15-Nov. 3; Wisconsin, Oct. 1-30.

## Commission Aids Flow of 202,000 Refugees to U. S.

Washington, (AP)—President Truman Monday named a three-man displaced persons commission to start the flow of 202,000 European refugees into the United States during the next two years.

The three appointees, Ugo Carusi, Edward M. O'Connor and Harry N. Rosenfield, will supervise immigration under the law enacted in June. Mr. Truman sent their names to the Senate for confirmation.

Carusi has been on special assignment with the state department for the past eleven months, working on the problem of displaced persons.

O'Connor currently is an executive of the war relief services in the National Catholic Welfare conference. A graduate of Notre Dame University in 1932, he has been engaged in social welfare work for the past 15 years and once worked with the New York state department of social welfare.

The 37-year-old Rosenfield is an assistant to federal security administrator, Oscar Ewing.

## Pollen-Free Areas Best 'Cure' For Hayfeverites

Ann Arbor—Hay fever sufferers. You still must make that trip to a pollen-free area to have the best chance for relief from that "sneezing season."

That's the word from Dr. John M. Sheldon, head of the Allergy Clinic at the University of Michigan hospital.

"Although about 200 drugs have been developed to alleviate the sufferings of hay fever victims, these drugs serve only as partial aides and are not the answer to a complete cure," Dr. Sheldon declared. As more drugs are developed, however, there is increased possibility of more people finding a drug which will give them some relief, he believes.

"Unfortunately, not everyone can be helped by the drugs already in use," Dr. Sheldon said.

"Some people find no relief at all or may find that the drugs produce unpleasant reactions, the most common being sleepiness, insomnia, dizziness, nausea or palpitations."

Some of the newer drugs now in use are called anti-histaminic

since they act as "competitors" to a body chemical, histamine, Dr. Sheldon explained. When some allergic individuals are exposed to pollen, they develop a substance called an antibody in the bloodstream. These antibodies when reacting with pollen cause the liberation of histamine in the tissues, which give rise to the unpleasant symptoms of hay fever.

But the antihistaminic drug acts like a key in a lock; it gets to the body tissues before the histamine does and blocks it off. In this way the symptoms of hay fever may be avoided.

For people who can travel to avoid pollen irritations, Dr. Sheldon advised the area in Michigan above the Muskegon-Bay City line.

Stay-at-homers can do a number of things to make themselves more comfortable, according to Dr. Sheldon. From mid-August to late September, sleep with as many windows closed as is comfortable. Avoid being chilled by drafts or cross-ventilation.

Don't go pleasure driving in the country. Keep away from dust, especially house dust. Instead of using a broom, carpet sweeper or dusters, use a damp cloth, oil mop or vacuum cleaner.

"Flowers may be a bouquet of poison for the allergic individual," Dr. Sheldon warned. "Don't pick or smell daisies, dahlias, asters, zinnias and dandelions. Pollen from these plants can cause symptoms in persons who are ragweed sensitive."

"Other plants which cause allergies, besides the ragweed, include the mugwort and wormwood, well-named from the sufferer's bloodshot point of view," the doctor continued.

Treating sensitive people with extracts of pollen before the hay

fever season starts brings relief in many cases. Some people may be treated this way before or during the season, the amount of drug given varying with the pollen count and the particular person.

"Expensive, but helpful aids in reducing allergic substances indoors are pollen filters for windows and air conditioning," Dr. Sheldon concluded.

**Perfect Plowing Team... New OLIVER "77" and the PLOW MASTER**

Smooth, abundant power! That's what the new Oliver "77" delivers!

Thorough soil pulverization! That's the result when you use the Oliver Plow Master and its exclusive Raydex bottoms with shares so low in cost you can throw them away when they get dull.

The new farm features of the Oliver "77" make this famous tractor more versatile and economical than ever to own. Its steady 6-cylinder engine and 6-forward-speed transmission give you nearly any ground travel and drawbar pull combination you need.

You have a choice of three engines: one for gasoline, one for tractor fuel—and a diesel, a specially designed, farm-engineered engine that will be available later. Also, you have a choice of interchangeable cast iron or stamped steel wheels for Row Crop Models to suit your traction conditions. What's more, every mounted tool is basically interchangeable with every other new Row Crop tractor. When you add the direct drive power take-off of the "77", metered oil system, battery ignition and the several other new improvements, you'll realize why the "77" is truly a farmer's tractor.

## Airplane DDT Spray Is 98 Per Cent Successful Against Spittle Bug In Hiawatha Forest Pine

**DDT SPRAY ON U. P. PINES** — A twin-engine Cessna plane is being used here under the supervision of U. S. Forest Service officials of Escanaba to spray a DDT oil solution on red and jack pine trees in a 480-acre tract in the Hiawatha National Forest eight miles northwest of Cooks. The target is the Saratoga spittlebug—millions of them, in fact—a sap-sucking insect which bores in and literally sucks the life out of a red or jack pine. The work was accomplished last Saturday, and in the opinion of

Dr. Henry A. Bess, U. S. Forest Service entomologist of the Milwaukee regional office, it was at least 98 per cent successful. That means that thousands of pine trees in this tract—it is estimated there are 500,000 there in all—will live. Without the DDT spray, they would have died. Ray W. Knudson, of Escanaba, timber management staff assistant of the Escanaba U. S. Forest Service office, is shown holding the marker. The job was done in 100-foot strips.

"At least a 98 percent successful kill of the Saratoga spittlebug," is the official report of Dr. Henry A. Bess, entomologist of the Milwaukee regional office of the U. S. Forest Service, in regard to the DDT airplane spraying of 480 acres of red and jack pine eight miles northwest of Cooks.

"That means simply that thousands of trees in this portion of the Hiawatha National Forest which otherwise would have died will now live," he said. "That means a great deal."

The expert said DDT spraying by airplane was first tried in the Upper Peninsula in the Ottawa National forest in 1946. It was tried again near Baldwin in Lower Michigan in 1947. And in both cases, the result was a 98 per cent kill of sap-sucking insect which attacks red and jack pine.

**Twofold Effect**  
The attack of the Saratoga spittlebug has a twofold effect. First, the actual sucking of the juice causes desiccation of the foliage, and secondly, he said, it causes a "plugging" of the conductive tissue, which prevents the tree from absorbing moisture from Mother Earth from the roots to the tree tops.

Dr. Bess explained that the tree dies from the top down when attacked by the spittlebug, indicating the absence of life-giving moisture through the plugging of the conductive tissue.

A twin-engine Cessna airplane was used for the painstaking job, which called for intricate flying.

## LOCAL FIREMEN ATTEND TOURNEY

Houghton Entertains At Annual Gathering

A group of 18 members of the Gladstone regular and volunteer firemen left this morning to attend the annual Upper Peninsula Volunteer Firemen's Tournament at Houghton.

The group included Chief William Marshall, Assistant Chief Ernest DeHooghe, Carroll Johnson, Clifford Chroge, Jerry Clark, Steve Carriere, Earl Closs, William Heslip, Carl Haglund, Ragnar Kallerson, Arlon Long, Joe Louis, William McCormick, Walter Nehmer, Ollie Nelson and Emil Nelson.

Several teams have been formed to compete in the tournament contests.

A substitute force has been arranged to assist in calls, if needed, during their absence. All of the regular department with the exception of Chief Marshall and a number of volunteers and former members are remaining here.

Some of the group attending will remain for a few days while others plan to remain until its close on Saturday.

## Briefly Told

**Traffic Violations** — Summons for improper overtaking and passing have been issued by Michigan State Police to Cassius P. Bebeau, 1509 Ludington, Escanaba; Edward Page of Nahma and Adolph Henrikson, 321 Minnesota avenue, city.

**Disorderly** — George Thomas of Rapid River was arrested Monday evening at Rapid River for creating a disturbance in one of the taverns.

**Sunday School** — The Sunday school of the First Lutheran church will meet at the church on Sunday morning for 9:30, but will have services out of doors because Pastor Engdahl of Rapid River will conduct services at 9:30 in the church.

**Prayer Hour** — Prayer and study hour will be held in the Reorganized Latter Day Saints church tonight at 7:30 o'clock.

**Lawn Social** — The Dorcas society of the First Lutheran church is having a lawn social at the Albert Buckman home Thursday evening at 7 o'clock at which Rev. and Mrs. J. Otto Magnuson, Minneapolis, will be honored. Rev. Magnuson is a former pastor of the First Lutheran church. During the social there will be an accordion solo by Melvin Larson, a reading by Marilyn Bergman and a few words from Rev. Magnuson. Mrs. Buckman and Mrs. Fred Burch are hostesses.

**Woman's Department** — The Woman's Department of the Latter Day Saints church will meet Thursday afternoon at 2:30 o'clock at the home of Mrs. Earl Sarasin, 1310 Superior avenue.

**Lawn Social** — Young People of the Mission Covenant church are sponsoring a lawn social tonight at 7:30 o'clock at the church.

**BRT Auxiliary** — The Auxiliary to the Brotherhood of Railroad Trainmen held a regular meeting Monday evening. Cards followed the business session. In bridge, Mrs. Delor Bonne was first and Mrs. John Flannery second while in five hundred, Mrs. Harvey Groleau was first. In charge were Mrs. Groleau, Mrs. Wm. Heslip and Mrs. Jack Johnson.

Carl and Derwith Carlson, Chicago, Ill., are visiting with their grandparents, Mr. and Mrs. Carl O. Carlson, Rapid River, and Miss Barbara Klopp, Kalamazoo, Mich., is also a guest at the Carlson home.

## Social

### Nuptials Saturday

Francis Neveau, son of Frank Balangie, city, and Marie Louise, daughter of Mr. and Mrs. Joseph St. John, Detroit, will be married Saturday morning at 9 o'clock in St. Martin church, Detroit.

A reception will be held that evening at 8 o'clock at 474 Algonquin avenue.

Mr. Balangie and Mrs. Marion Miller, a sister of the groom, are leaving Thursday morning to attend the ceremonies.

**NO JUMBO, YOU'LL NEVER MAKE THE BALLET** — It looks like this elephant, in the Overton Park zoo, Memphis, Tenn., is trying to

make like a ballet dancer. Actually, he's reaching across the eight-foot stone-lined moat for some green foliage.

## JONES AGAIN HEADS BOARD

Veteran Schoolman To Lead System

James T. Jones was re-elected as president of the Gladstone board of education at the reorganization meeting held Monday evening at the office of Supt. Wallace Cameron in the junior high school.

Archie D. Harris was reelected as secretary and Dr. George Kelly as treasurer.

Soren Johnson and Dr. O. S. Hult remaining members of the board serve as trustees.

Captain and Mrs. Melvin Carlson arrived Monday night from Munich, Germany to spend a 30 day furlough visiting with his parents, Mr. and Mrs. Carl O. Carlson, Rapid River, Mich., and with his sister, Mrs. Wilfred Ayotte, Gladstone.

## Munising News

### Sales Tax Funds Alloted Schools

Munising—Sales tax funds totalling \$15,937.69 have been alloted to Alger county school districts for the second quarter of 1948. Mrs. Virginia Alexander, county treasurer, has announced. The distribution will be:

Children		
AuTrain	153	\$ 870.57
Burt	178	1,012.82
Grand Island	7	39.83
Limestone	169	961.61
Mathias	208	1,183.52
Munising	1,642	9,348.67
Onota	62	352.78
Rock River	381	2,167.89

### Alice West Will

#### Visit Munising

Munising—Miss Alice West, of Marquette, who was selected Saturday to rule over St. Ignace's homecoming celebration and the Straits of Mackinac jubilee celebration next week, will visit in Munising Friday. She will be at the Chamber of Commerce office at 11 a. m. Secretary Jeff Boddette has announced.

### MRS. MARY STIMAC

Munising — Funeral services will be held at 9 a. m. Wednesday in the Sacred Heart church for Mrs. Mary Stimac, of Shingleton, who died Sunday evening at St. Mary's hospital, Marquette. The rites will be conducted by the Rev. F. E. Harrington. Burial will be in Maple Grove cemetery.

### ERHARDT DRUCKENMILLER

Munising — Services were held at 2 o'clock Tuesday afternoon in the Trinity Methodist church for Erhardt Druckenmiller, 23, son of Mr. and Mrs. Arnold Druckenmiller, who died Saturday of burns following a gasoline explosion. The Rev. John Hamel, of Marquette, officiated. Interment was in Trinity cemetery. The escorts were Leonard and Donald Latvala, Paul and Gordon Johnson, Henry Peterson and Howard Phillips.

### MRS. JESSIE K. NOHL

Munising — Funeral services were held Sunday in Albuquerque, N. M., for Mrs. Jessie K. Nohl, who died there Saturday. She was the sister of John I. Keeton, of Munising, and had visited here several times.

### MUNISING BRIEFS

A meeting of the Women of the Moose will be held at 8 o'clock Thursday night at the K. of C. hall.

Mrs. Jack Mackie, West Onota street, has announced the engagement of her sister, Miss Alice Mattison, of Escanaba, to Gene M. Jones, of Escanaba. The date of their wedding has not been set.

Mr. and Mrs. Arthur Norman and daughter, Mary, are spending a two-week vacation driving through Ohio, Illinois and Wisconsin.

Mr. and Mrs. Edson Brock and family, Mrs. Maude Young and Hugh Young and daughter, Carol, of Evanston, Ill., visited relatives and friends here recently.

Everett Simmons has returned to his home in Mt. Vernon, Ohio, after visiting with Mr. and Mrs. Jack Mackie for several days.

Mr. and Mrs. Charles Jackson visited with Mrs. R. W. Jackson in Manistiquie Sunday. She is a patient in Shaw hospital there.

## City Briefs

Andrew Canuelle and daughter, Helen, left Tuesday morning for Milwaukee to visit with friends there.

Jack Miller, son of Mrs. Marian Miller, has been dismissed from St. Francis hospital and returned to his home, 101 South 9th street.

Mrs. Fred LeClaire, Rock, Mich., and Mrs. Tessie Larson, Flint, Mich., spent Sunday afternoon visiting at the Emerson Brow home.

Mr. and Mrs. John Norton, jr., and daughter Judy, spent the weekend visiting in Green Bay and the Door County Peninsula.

Norman Peterson, member of the Gladstone high school faculty, has returned to Gladstone after attending the summer term at the University of Michigan at Ann Arbor.

Mrs. Edward Berg left Tuesday for Marquette to attend the funeral of a relative.

Mr. and Mrs. William Smears have returned to their home at East Plant, Georgia, after having visited here with Mr. Smear's parents, Mr. and Mrs. T. J. Smears, and a brother-in-law and sister, Mr. and Mrs. Leon Raiche of Iron Mountain.

Mr. and Mrs. Dennard Caswell and sons Jim and Jon arrived Tuesday night from Ionia, Mich., to visit with the Martin Beckers.

Mr. and Mrs. Art Youngquist and daughter Vera, and son-in-law and daughter, Mr. and Mrs. James Cooper, Ludington, Mich., spent the weekend visiting with

Mr. and Mrs. Clarence Peterson and with Emil Norquist.

Mr. and Mrs. Victor Norquist have returned to Thief River Falls, Minn., after spending the weekend visiting at the Clarence Peterson home and with Emil Norquist. Mrs. Peterson is a sister of Victor Norquist and Emil Norquist is his father.

Mrs. Chet Stanaway and children, Mrs. Arthur Stanaway and Mrs. Mary Sheehan have returned to Sault Ste. Marie, Mich., after a short visit at the Louis Gabriel home. Enroute home they visited in Marquette, Mich., with a daughter of Mrs. Arthur Stanaway.

Mrs. Kamiel DeYonke returned Monday night from Detroit where she visited for ten days with her daughter Sylvia.

Miss Alma Carlson has arrived from Milwaukee, and is visiting for two weeks with her parents, Mr. and Mrs. Ernest Carlson, 1322 Delta avenue.

## Auto Collision Is Investigated by MSP

An automobile driven by Hugh J. Robinson, 1130 N. 16th street, Escanaba, was struck by an auto driven by Velda Cherin, 415 Aldine, Chicago, Monday afternoon on US-2 about three-quarters of a mile west of Nahma Junction.

Mrs. Cherin, who followed a vehicle in front of her in passing an auto and was unable to get back in the proper lane of traffic, was ticketed for failure to have an operator's license in possession.

## ROTES LEARN ABOUT ARCHERY

Hear Talk By Dr. Ryde, Try Bows, Arrows

Rotarians had a lesson in archery Monday noon from a novel program arranged by Andrew Canuelle and presented with the able assistance of Dr. Robert Ryde.

Following the weekly luncheon Dr. Ryde explained the ancient sport of archery, the different types of bows used in the sport and in hunting, the various types of arrows and various methods of aiming.

After the talk the members went to the outdoor range near the Yacht club where under the supervision of Dr. Ryde, Rolland Hale and Hubert Bray, all of whom are proficient in the sport a contest was held between the club membership.

Chance, not skill, formed the main basis in deciding the winners who were Tom Bolger, 1st; George Nolden, 2nd, and John M. Olson, 3rd.

No one was hurt and all lost arrows were recovered before evening.

## Rodney Kelley Gets Shattered Elbow In Tumble While Playing

Rodney Kelley, 11, son of Mr. and Mrs. Gordon Kelley, sustained a multiple fracture of an elbow Monday evening when he crashed into a tree while playing with Bobby Ryde near the home of Dr. and Mrs. Robert Ryde on Wisconsin avenue.

When X-rays revealed that the elbow had been shattered he was rushed by auto to Chicago where he was to have the attention of specialists. He was accompanied by his mother and brother, Gilbert.

## BEWARE OF PIN-WORMS

Medical reports reveal that an amazing number of children and adults are victims of Pin-Worms.

Watch for the warning signs, especially the embarrassing, nagging rectal itch. After centuries of Pin-Worm distress a really effective way to deal with them has been established through JAYNE'S P-W, the new Pin-Worm treatment developed in the laboratories of Dr. D. Jayne & Son. The small, easy-to-take P-W tablets give satisfaction or your money back. So why take chances on Pin-Worms! If you suspect this ugly infection, ask your druggist for P-W and follow the directions. It's easy to remember: P-W for Pin-Worms!

## DEADLINE FOR FILING AUG. 9

### No Primary Contest For Probate Judge Likely

The deadline for filing for offices to appear on the non-partisan ballot will be next Monday afternoon at 4 o'clock, G. Leslie Bouschor, county clerk announces. To appear on these ballots will be candidates for judge of probate and circuit court commissioner. Two candidates, Ralph Merwin, incumbent, and Thomas Kennedy have filed for the probate court position and there has been but one filing for court commissioner, the name of George Wood being placed in nomination.

A strange situation has been brought to light concerning this particular election. As the situation stands, all of the names that appear on this ballot for the September primaries will appear on the fall ballot as well as there really is no contest in the primaries. Yet, it is required by law that these names appear in the primary ballot, be voted on and the vote recorded.

For such offices as sheriff and prosecuting attorney, which appear under party designation, the primary election will have a definite meaning as one of the two candidates for each office will be put out of the running in this election. Nomination in this case will be tantamount to election in the fall as there has been no filing for candidates on the democratic ticket.

### Spaatz Says U. S. Must Dominate Air

Reading, Pa., (P)—The United States must "dominate the sea," says General Carl A. Spaatz, retiring chief of the U. S. Army Air Force.

"An ocean of air has replaced the oceans of water as our first line of defense," General Spaatz said Sunday as he was honored by fellow residents of Berks county (Pa.).

"It is consequently of the highest importance," he added, "that the United States dominate the air as it formerly dominated the sea. Our air force must be the best in the world."

Flights of jet planes, Thunderbolt and Mustang fighters, and bomberettes took part in the ceremony honoring Spaatz at the Reading airport.

Speaking of his fellow townsman, Spaatz—a native of Boyertown, Pa.—said:

"It is a great pleasure to return to the old scenes. It is a good thing to look upon the faces of so many stubborn Pennsylvania Dutchmen. These are the faces of men and women who won't be intimidated by anything or anybody in the world."

### Draftees in Mexico Learn How to Plow

Mexico City, Aug. 3 (P)—The song says "You're in the Army Now, You're Not Behind the Plow," but the Mexican department of national defense is putting a switch to it.

Mexican draftees will learn how to operate tractors and other farm implements—including plows—during their year of training in order to make them better farmers.

It's all part of a plan to develop and expand agriculture in Mexico to reduce or eliminate food imports.

### Fayette

Mr. and Mrs. William Smith and daughter Lovette motored to Green Bay Monday to meet their daughter, Mrs. C. J. Chaffee, who arrived there from San Diego, Calif., to visit here. Mr. and Mrs. Lawrence St. Ours accompanied them.

Mr. and Mrs. Chris LeMay have returned to DePere, Wis., after spending three weeks here at their cottage.

THEY CAN'T FIND ROOM FOR ALL THEIR CASH—Problem confronting these German women is: where to put all that money. The notes are old German currency, replaced by new Western marks. Berlin's banks will not exchange

large amounts of the old into the new, so the Berliners have a storage problem. Scene is the cashier's office of the Telegraf, English language newspaper in Berlin. (Photo by NEA-Acme staff correspondent Joe Schuppe)

### Hunting Deer With Lights Is Expensive

William Hough and Joseph Bousan, both of Manistique, were each fined \$25 along with \$8.50 costs in local justice court Tuesday afternoon after they had pleaded guilty to using an artificial light in hunting deer.

The two were arrested Monday night in Thompson township by Conservation Officer Albert Livingston.

### Migraine Victims Promised Relief

Rochester, Minn., (SS.)—Relief for migraine headache sufferers is possible with the body chemical believed involved in allergy, histamine, according to two Mayo Clinic physicians, Dorothy Macy, jr., and Bayard T. Horton.

Their description of the treatment of 144 patients with migraine headache at this clinic from 1937 to 1946 appears in the Journal of the American Medical Association.

While 98 of these patients showed a 25 per cent to 100 per cent improvement, they emphasize that histamine is not a cure for the condition.

Drs. Macy and Horton stated that freedom from migraine attacks in these patients paralleled the period of treatment with histamine. They declared that patients who were free of symptoms after one year or more were still taking histamine once daily or every other day.

### Trenary

James and LaVerne Vrooman have returned Racine after visiting in Trenary with their parents, Mr. and Mrs. Vernon Vrooman. Mrs. Sam Rivkin of Trenary left Tuesday morning for Chicago to visit with her mother, Mrs. John Fosberg.

### CARD OF THANKS

We wish to take this means of expressing our sincere thanks and appreciation to all those who assisted us during our recent bereavement, the death of Mrs. Pete Korenich. We are very grateful to the Rev. Fr. B. J. P. Scheyers and Rev. E. H. Berendsen, to those who sent floral and spiritual offerings, those who donated the use of their cars, those who served as pallbearers, and all others who aided us in so many ways. The memory of these acts of kindness will ever remain with us.

Signed:  
Pete Korenich  
Mr. and Mrs. Edward Korenich

### Plan Chain Saw Demonstration At Hill Farm, Cooks

A power chain saw demonstration will be held at the William Hill farm, formerly known as the Van Dyck farm, at Cooks on Friday, August 13 at 2:00 o'clock, according to an announcement by Clayton D. Reid, county agricultural agent.

The purpose of demonstrating power chain saws is to give farmers, woods workers, and loggers the opportunity to observe in operation under woods conditions. The power chain saw is a relative new woods tool and is designed to speed up and make woods work easier.

Four different types of one and two man saws will be demonstrated by local dealers who are cooperating in putting on the demonstration. It will be shown how the saws can be used to fell, buck and limb trees of both saw log and cordwood size.

In connection with the demonstration, good timber management will be discussed by Roy E. Skog, Extension Specialist in Forestry, from Michigan State College. Trees in a small area have been marked for cutting to show good forestry practices. The growth rate of sawlog timber can be doubled by removing mature and defective trees, and leaving a good stocking of sound trees of good quality. Mr. Skog says that hard wood trees, twenty-four inches in diameter, or

larger, slow down considerably in growth rate, and usually can be considered mature. Smaller trees, especially those ranging from twelve to twenty inches, if they are sound should be left because they are growing the fastest and producing the most wood.

### Obituary

MRS. PETE KORENICH  
Funeral services were held Monday morning at the St. Francis de Sales Catholic church for Mrs. Pete Korenich, who died Friday, The Rev. B. J. P. Scheyers conducted the services and burial was in Fairview cemetery. The following friends were pallbearers: Nick Stoken, Matt Kasun, Frank Lasich, Pete Rosich, Ferd Gorsche and George Dupont.

INSURE ALMOST EVERYTHING  
Lloyd's, famed London insurance firm, will insure against almost anything, including the birth of twins and the spoiling of a lawn party by rain.

## CLOSED PLANT WILL BE SOLD

### Court Decrees Auction Of Hiawatha Metals

Prospects that the Hiawatha Metal Products Company plant, idle for nearly two years, may again be brought to usefulness, have been given a boost by the recent decree of Judge Herbert Runnells, permitting the sale of the property to the highest bidder to satisfy a judgment favoring the Reconstruction Finance Corporation.

The decree, granted July 19, authorizes William J. Sheahan, as special court commissioner, to supervise the sale, at auction, of the building, lot and all the machinery, supplies and fixtures on the morning of Friday, September 3.

The plant, up to the time of its closing early in 1941, was devoted to the manufacturing of toys, specializing in roller skates of a certain pattern. After the plant was closed the Reconstruction Finance Corporation, which held a \$100,000 mortgage on it, brought foreclosure proceedings which were heard in a special term of Schoolcraft county court in May.

### Opportunity For Young Folks To Learn Golfing

Boys and girls who would like to learn some of the fine points of golfing will have an opportunity to do so.

Through arrangements made by R. G. Hentschell and the Manistique Recreation Board, the Indian Lake golf course will be made available for use by boys and girls on Monday afternoons. Matches will be arranged.

Boys and girls who wish to take advantage of this opportunity must register before August 9. Those wishing to do so should call 569-W or the golf course.

### U. S. Mine Sweeper Pays Visit To Manistique Port

Mine sweeper No. 42, with thirty officers and enlisted men aboard, stopped in the Manistique port for a several hours stay Monday.

The craft is making a cruise of Lake Michigan waters as a part of the training of the enlisted men aboard.

## Attention!

Going to Ann Arbor on or before August 8. Have room for a couple of passengers. Call or see J. J. Van Dyck, 823 Deer St., Manistique. Phone No. 4.

## For Sale

I have just listed for sale a fine house on Michigan Avenue. See me at once if you are interested.

## Fire Destroys Farm Structure Near Gulliver

Children playing with matches are blamed for a fire which completely destroyed a small barn on the Robert Rice farm, two miles west of Gulliver, on Highway U. S. 2, Tuesday afternoon.

In the barn was about one thousand feet of lumber and considerable baled hay. The barn and contents are a total loss. The structure was partially insured.

The Manistique fire department responded to the call about four o'clock.

## City Briefs

Mr. and Mrs. James Swayne of Chicago, Ill., arrived in Manistique Tuesday for a vacation visit at the homes of Walter Linderoth and Mauritz Peterson.

Mr. and Mrs. Harry Beebe of Negaunee are guests at the George Wood home.

# Virtual 4-Way Tie For American Lead

## The Big Four Separated By A Slim .006

By Joe Reichler  
Associated Press Sports Writer

The greatest of all American league pennant races approached the two-thirds mark today in an unprecedented situation—virtual four-way tie for first place among Cleveland, New York, Boston and Philadelphia. A mere .006 percentage points separated the four teams.

As a result of last night's games, the Indians regained the top rung by defeating the Washington Senators, 5-3, while the Athletics dropped from first to fourth by losing to the Chicago White Sox, 2-1, in 10 innings. The Yankees took over the second place by trouncing the Detroit Tigers, 15-3, and the Red Sox advanced to third by outslugging the St. Louis Browns, 15-8.

Cleveland has a .596 percentage, New York .594, Boston .592 and Philadelphia .590.

### Reds Trip Braves

The National league race also was tightened appreciably when the front-running Braves were beaten 5-4 by Cincinnati while the rest of the first division, New York, Brooklyn and St. Louis, were idled by rain. In picking up half a game the Giants advanced to within four and a half games of the Braves, and the Dodgers and Cardinals to within five and a half.

Old Satchel Paige, making his first major league start before 7,434—the largest night game crowd in Cleveland history—gained the honor of pitching the Tribe back into first place. The 44-year-old Negro right-hander hurled seven innings, allowing the Senators seven hits before he was taken out for a pinch hitter. He struck out six and walked four.

Paige's batterymate, catcher Jim Hegan, provided the big blow. His ninth home run in the sixth inning off relief pitcher Forrest Thompson snapped a 3-3 tie. It was Paige's second win of the season against one loss.

Collecting a dozen hits against six pitchers and using 10 bases on balls to advantage, the Red Sox routed the Browns to keep pace with the Yankees and Indians. Stan Spence and Ted Williams banged homeruns, the former driving in four runs.

Rookie first baseman Red Kluwecki drove in three runs with a triple and double to give the Reds their second straight triumph over the Braves in the only National league game. It was the third successive loss for the Braves.

Herman Wehmeier, 21-year-old hurler, pitched the first seven and one third innings for the Reds and was credited with his eighth victory although he needed assistance from veteran Harry Gumbert in the eighth.

Chicago, Aug. 4 (AP)—A high-powered field in the \$50,000 All-American Golf tourney today tried to catch up with an explosive comeback swinger, stoop-shouldered Ralph Guldahl, 1937-38 U. S. Open champion.

Guldahl ripped Tom O'Shanter's rolling greens apart yesterday with a 64—a record-breaking eight under par.

Thus mild-mannered Ralph, who triumphed in the 1939 Masters' Open, held a two-stroke lead over runner-up Dick Metz of Arkansas City, Kan., in the rich 72-hole medal play test.

Metz with 33-33-66 was a stroke ahead of a brace of 67 shooters, Chandler Harper of Portsmouth, Va., and Elmer Reed of Atlanta Ga.

## ESCANABA DAILY PRESS SPORTS

"It Seems To Me"

BY JIM WARD

"Well, it was a good idea, anyway!" mused George Grenholm, city recreation director, after receiving a reply from George Kell, Detroit Tiger, anent bringing Kell's major league barnstormers here after the regular season closes this fall.

Kell and his laddies merely wanted a guarantee of \$1,250 and 30 per cent of the gate receipts above that amount. Fine thing for a team that was pasted 15-3 by the New York Yankees yesterday and has been just as rudely of late by the Philadelphia A's and Boston Red Sox.

Max Lanier and his "outlaws" were satisfied with a 75-25 cut of the gate receipts, figuring, no doubt, that was ample to buy a few sacks of peanuts and five gallons of petrol for their broken-down bus. Enough at least to get them to Ishpeming Tuesday night where they picked up a few more shekels for more peanuts and petrol.

But George's point is this: If Escanaba had a stadium bordering the diamond that would seat five or six thousand, it would be feasible to bring such major league talent as Kell's troupe here. No doubt about it, the loyal 500 enjoyed seeing Lanier, Klein, Hayworth and others in action here Monday night, and after listening to Harry Heilmann at the mike all season, they deserve to see some name players in the flesh.

Kell has a good group assembled for his U. P. tour this fall. Hoot Evers, Johnny Ligon and Art Houtteman of the Tigers, Lou Brizzie, Barney McCosky and Skeeter Webb of the A's, Mickey Vernon of Washington, Mike Tresh and Cass Michaels of the White Sox and Steve Gromek and Bob Kennedy of the Cleveland Indians. But Grenholm's teeth are still rattling after seeing that \$1,250 guarantee plus 30 per cent. Wam! So we'll all go to Memorial Field and watch city league softball.

Cuff notes: This is not an alarmist item, but it doesn't help the South . . . Mike Shatusky, Menominee ace back, counted on as one of the chief mail carriers for the South in the annual North-South grid clash in Negeauue August 14, ran into a moving car Monday and is repenting with minor head and shoulder abrasions in the Marinette General hospital . . . His injuries are not serious . . . But if he plays, his condition certainly won't be the best . . . That on top of Dock Erdmann's appendectomy three weeks ago and his physician's advice not to play the all-star game . . . Erdmann was a Menominee center star . . . But the South has power this year . . . So if you shed any tears while squandering your shekels on a South wager, be sure they're crocodile tears.

### SOFTBALL

#### Ho-Hum! Taverns

Win Again, 10-1  
Pounding out 11 hits, including two circuit blows by Mickey Kuehner and Ed Gauthier, the Taverns easily defeated Delta Hardware, 10-1, in a league contest yesterday. Louis Kositzke, sometimes facetiously referred to as the "workhorse", scattered four Hardware hits over the route.

Merchants Win  
The Escanaba Merchants triumphed over Larmay's in a league encounter at Ford River last night. The score was 10-8. Clifford Larson, Dale Rehnquist and Dud Parquette formed the Merchant battery, and Tom Brayak pitched to Elmie Bittner for Larmay.

#### Girls Softball

Glove defeated Venus, 30-2, in a girls' softball league game at Ludington park. Winning battery was Marge Hurley and Rita Desjardins, and the losing battery was Therese Fillion and Agnes Baribeau. Delta Hardware won a forfeit from Woolworth's.

#### Schedule Changes

The Paper Mill will play Merchants at Memorial at 8:45 tomorrow night. This game replaces the Larmay-Merchant tilt. Birds Eye will play People's Bar at Dock diamond tomorrow with Jens Jensen umpiring, and Larmay will play Delta Hardware at Ford River tonight with Ken

## Tigers Become Springboard To Loop Top Rung

Detroit, Aug. 4 (AP)—Folding up completely before the upsurging New York Yankees, the Detroit Tigers showed an unappreciative audience of 48,915 fans last night why they're earning a reputation as "springboard" to the American League lead.

In one of the wildest displays of the year, the toothless Tigers absorbed a 15 to 3 lapping from the Yanks that boosted New York within two percentage points of first place.

Six days ago the Boston Red Sox left town leading the league after pasting the Bengals twice in three games.

Last Sunday Philadelphia was on top of the standings, winner of two out of three games here.

Now it's the Yankees, challenging for the lead, with the Tigers again lying down playing dead.

And it isn't the fact Detroit is losing, but the decisive way they're taking their beatings that's giving the Tiger fans cause to howl.

Beaten five times in seven games of their current home stand, the Bengals are losing 'em by the proverbial country mile.

Last night's shellacking was their most lop-sided beating of the season, even worse than a humiliating 16 to 5 pasting the Yankees gave them May 25.

Steve O'Neill offered up four pitchers and the Bronx Bombers slaughtered them all, rapping out a dozen hits. The biggest goat of the wild show was young Bill Pierce, who didn't give up any hits in the 23rd innings he worked, but walked nine of the 17 men he faced.

The Yanks sent 51 men to the plate and 23 of them reached first base safely, 12 with hits, 13 on walks, one hit by a pitched ball, one by error and another on a fielder's choice.

Of the 13 men who walked, seven scored, and the Tigers couldn't offer any kind of a counter-attack against Frank Shea, who walked six men but muted Detroit bats with four-hit pitching.

(By The Associated Press)

Today A Year Ago—Ike Williams knocked out Bob Montgomery in sixth round for clean claim to world's lightweight championship.

Three Years Ago—Byron Nelson won Canadian open for 10th straight golf tournament success and ran year's earnings to \$45,200.

## White Sox Tumble A's From Lead With 10th Inning Pinch Single

Chicago, Aug. 4 (AP)—Jack Wallace's pinch tenth inning single saved the Chicago White Sox a 2-1 victory over the Philadelphia Athletics before 17,548 persons here last night. The loss, charged to Dick Fowler, his third against 10 victories, tumbled the Athletics out of first place in the American League standings.

Invitation Meet  
Negaunee, Aug. 4—A Northern invitational softball tournament will be held here September 4, 5, and 6 open to all organized softball teams in Michigan and Wisconsin who have played a minimum of six games. Team rosters must be filed by September 1. Entries close August 29. Tournament drawings will be held Monday, August 30 in the City Hall at Negaunee at 7:30. All competition will be held in one class.

Officers to Discuss U. P. Softball Meet At Meeting Monday  
Plans for the Upper Peninsula Softball tournament in Escanaba August 27, 28 and 29 will be discussed at a meeting of officers and members of the board of control of the Escanaba Softball association in the Escanaba youth center at 7 Monday evening.

The meeting has been called by Earl Haddy, of Escanaba, chairman of the board of controls.

## Yanks Take Big Olympic Track Lead With 7 1sts Of 14 Events Thus Far

Olympic Stadium, Wembley, England, Aug. 4 (AP)—The Olympic Track and Field games passed their half way mark today with the United States well on the way to equalling or bettering its greatest triumphs in other modern Olympiads.

At the end of four days of international competition, 14 individual champions had stood proudly at attention in the Stadium while their national anthems were played. Seven times it was the "Star Spangled Banner."

There remain ten more finals to be held before the track and field games end on Saturday. The United States seems assured of winning four and has a possible chance in a fifth.

Thus far the American team has captured the following individual titles:

100, 200, and 800 meters, 400 meter hurdles, broad jump, pole vault and shot put.

It now appears likely to win the 400 and 1,600 meter relays, the decathlon and the 110 meter hurdles.

The other events on the next four days of competition are the javelin, 400 meters, 3,000 meter steeplechase, 1500 meter run, 10,000 meter walk, and marathon. Only in the 400 meters and javelin do the Americans have any real hope of winning and in those

center with bat over shoulder has an eagle eye peeled on Instructor and Umpire Robert "Batling Bud" Kennelly at the left. Kennelly played with the Escanaba Eskimos and is now with the Escanaba Bears. Bourdeau is the perpetriest youngster in many a year to hit a local diamond. The catcher at extreme left is Pete Kutches, another promising local youngster.

## Tommy Ryan, Former Fight Champion, Dies

Van Nuys, Calif., Aug. 4 (AP)—Death has claimed another of the ring's old masters, Tommy Ryan, former welterweight and middleweight champion of the world.

Ryan, who graduated from lumber camp brawls and fought through the rugged turn-of-the-century era when bouts went as long as 76 rounds, died of a heart ailment yesterday.

He was 76. Anna, his wife of 50 years, was with him when he came at their home here. Ryan was born Joseph Youngs Jr. at Redford, N. Y., March 31, 1870. He left home early, changing his name to Tommy Ryan, and headed for the Michigan lumber camps.

Soon he was fighting in Detroit, Chicago and other midwest cities. At the age of 21 he knocked out Danny Needham, welterweight title claimant in the 76th round at Minneapolis, Feb. 16, 1891. It was his longest bout.

Ryan caught up with the 147-pound championship on July 28, 1894, when he outpointed Mysterioso Billy Smith in 20 rounds at Minneapolis.

He lost the crown on March 2, 1896, when Kid McCoy knocked him out in 15 rounds at Maspeth, L. I. By that time, he had outgrown the welter ranks and was tackling and licking the foremost middleweights.

He assumed the middleweight crown by acclamation in 1897 after Champion Bob Fitzsimmons had stepped up the ladder to dethrone Jim Corbett as heavy-weight champ. Still generally recognized as champion, he retired in 1907.

Officers to Discuss U. P. Softball Meet At Meeting Monday

Plans for the Upper Peninsula Softball tournament in Escanaba August 27, 28 and 29 will be discussed at a meeting of officers and members of the board of control of the Escanaba Softball association in the Escanaba youth center at 7 Monday evening.

The meeting has been called by Earl Haddy, of Escanaba, chairman of the board of controls.

### Duck Season Set, Oct. 15 to Nov. 13

Rosecommon, Mich., Aug. 3 (AP)—The conservation commission has set the general migratory bird season in Michigan this year from Oct. 15 to Nov. 13, inclusive.

At a meeting at the Higgins Lake Training School, the commission closely followed the regulations of the U. S. Fish and Wildlife Service, previously announced.

An exception is the woodcock season which was set for the Upper Peninsula Oct. 1 to Oct. 20 and for the Lower Peninsula Oct. 15 to Nov. 5.

Migratory birds covered by the regulations are ducks, geese (except Ross' Geese which may not be killed), brant, rails and gallinules.

## COUNCIL MEETS HERE THURSDAY

### Various Matters Scheduled For Hearing

The Escanaba city council will hold its regular meeting Thursday evening in the council chambers at the city hall at 7:30 o'clock.

A resolution of condolences to the family of the late Councilman Marvin L. Coon, who died suddenly last Saturday, will be adopted at the meeting. Whether the council will proceed with the appointment of a successor to Mr. Coon at the meeting Thursday has not been indicated.

The council is expected to act upon a series of other matters Thursday night. Unfinished business includes action on insurance for the ore dock property and the reading of replies to letters regarding the smoke nuisance in the city.

Other matters scheduled for discussion include the following: Report from the Michigan Aeronautics commission regarding the airport project.

Appointment of a member to the civil service commission, replacing Joseph White whose term has expired.

Request for a tourist license permit for Virginia Goudreau and Julius Courville.

Request for band concert on Escanaba Day at the U. P. State Fair.

### Holiday Turkeys To Be Expensive; Break Due In '49

Washington, Aug. 4 (AP)—That Thanksgiving turkey will cost you more than ever this year, the Agriculture Department forecast today.

The holiday birds retailed at about 60 cents a pound last November here in Washington.

The department also said there is no prospect of lower chicken and egg prices before next year. The reason: farmers reduced poultry flocks the past year because feed grains were scarce as well as high.

However, latest crop reports for the feeding year beginning October 1 indicate the feed supplies will be largest on record. And department officials expect this to be a major factor in encouraging farmers to produce more poultry in 1949—thus trimming what Thanksgiving turkey outlay next year.

### Mother and Babies Move Into City Hall

Winona, Minn., Aug. 3 (AP)—Winona police dodged baby buggies and stepped over comic books outside their office today as a mother and her six children continued to occupy a corridor of the city hall.

Mrs. Philip Wilson, 42, brought her children before a meeting of the city council and, when the council was unable to provide her with a place to live, settled down in the first floor of the city hall. The children range from 11 months to 15 years of age.

Mrs. Wilson, whose husband is working in Missouri, said she was evicted by court order Monday. She refused an offer of shelter for a night from the Salvation Army, saying "we want a house." Mrs. Wilson said she is not destitute, having paid \$21 a month rent and being able to pay more.

## Congress Gives Up Efforts For Ban On Poll Tax

(Continued from Page One)

Senator Taft (R-Ohio), who has proposed next Tuesday as quitting time for congress, said GOP senators appeared to be split about evenly on a proposal to change the poll tax measure to a constitutional amendment.

Southern Democrats have said they would not filibuster against a constitutional amendment, which would need approval by 36 states. In any event, they apparently had won their fight against special-session action on the house-approved bill to knock out such levies by simple congressional action.

The Republican choice thus lay between trying to kill the poll tax the hard way—by changing the constitution—or letting the whole matter go over until January.

### D.H.I.A. Report Issued for June

The testing report for the All-Georgia Dairy Herd Improvement association for the month of July was received today by J. L. Heiman, Delta county agricultural agent. The report shows the following production records:

For the two high cows under three years of age—Henry McElhinney, Chatham, Guernsey, 66.2 pounds butterfat; Joe Steff, Cornell, Brown Swiss, 50.9 pounds butterfat.

Cows three years old and under four years—Robert Smith, Chatham, Guernsey, 53 pounds butterfat; William Smith, Treary, Holstein, 47.5 pounds butterfat.

Cows four years old and under five years—Both high placings were Guernseys owned by Matt Mannisto of Chatham, one with 63.1 and the other with 61.8 pounds of butterfat.

Cows five years old and over—Both top places were made by Brown Swiss cows owned by Joe Steff of Cornell, one with 66.7 and the other with 61.5 pounds of butterfat.

High herds production records were as follows:

Small herds, five to 10 cows, Tom Moore of Chatham, average 38.6 pounds of butterfat; and Alfred Groos, Gladstone Rt. 1, 23.3 average pounds of butterfat.

Medium herds, 11 to 20 cows, tied between Robert Smith of Chatham, 46.6; and Henry McElhinney, Chatham, 46.6.

Large herds, 21 cows and over, Joe Steff, Cornell, 38.8 average pounds of butterfat; and Ed Bergman, Bark River, 31.4 average pounds of butterfat.

### Personal News

Mrs. Andrew Sherer and three children of Buffalo, N. Y., are visiting here with Mrs. Mayme Moreau, 302 South 16th street. They will be in Escanaba two weeks. Mrs. Sherer is the former Milly Moreau, daughter of Mrs. Mayme Moreau.

### Four Upsets in U. S. Junior Net Tourney

Kalamazoo, Mich., Aug. 4 (AP)—Upsets had four of the 11 seeded stars looking on from the sideline today as play in the National Junior Tennis championship reached the round of 16.

Surprise defeats in the first two days of the week-long scramble to determine the successor to national champion Herbert (Buddy) Behrens of Ft. Lauderdale, Fla., shunted aside two highly regarded Californians, a Texas hope and a promising New York youngster.

Top surprise of yesterday's third round singles matches was scored by Steve Potts, methodical Memphis, Tenn., youth, who dropped sixth seeded Jerry DeWitts of Vallejo, Calif., 1947 semi-finalist, 6-1, 6-8, 8-6.

### National Junior Golf Meet Opens

Lincoln, Neb., Aug. 4 (AP)—A merry scramble loomed today in the chase for the 64 match play positions in the National Junior Amateur Golf Tournament.

Mickie Gallagher of Augusta, Ga., 18-year-old Augusta city junior champion, was the only one of the 160 shooters to crack par 72 for the 6,330 Lincoln Country Club course in the opening 18 holes.

He fired a 34-37-71 over the rain drenched course to take a one stroke lead over a trio of sharpshooters, Dow Finsterwald of Athens, Ohio, Bob Meek of Tulsa, Okla., and Billy Hooper, of West Point, Va.

### Defending Champion Injured In Western State Women's Golf

Lansing, Mich., Aug. 4 (AP)—The defending champion, Mrs. Hunter Robbins of Spring Lake, may not be able to compete in the match play starting here today in the Women's Western Michigan Golf Association tournament.

Playing a practice round Tuesday, Mrs. Robbins was hit in the eye by a piece of flying glass on the sixth hole of the Lansing Country Club course. The eye required medical treatment and she was unable to finish the round.

Mrs. Delaney Curran, of Arbor Hills, Jackson, was medalist with 88.

### DOW BUILDS FACTORY

Ludington (AP)—The Dow Chemical Co. has been granted a building permit to erect a \$100,000 factory here.

## Ex-Official Denies He Was Soviet Spy

### Woman Accuser Classed As Neurotic Liar

Washington, Aug. 4 (AP)—Nathan Gregory Silvermaster, former government official accused of spying for Russia, testified under oath today that "I am not and never have been a spy or agent of any foreign government."

His accuser, Elizabeth T. Bentley, was looking on as Silvermaster appeared at the espionage investigation of the House un-American activities committee.

She had sworn on Saturday that Silvermaster was head of one group of government employees which supplied her with information during the war for Russia.

"The charges made by Miss Bentley are false and fantastic," Silvermaster said. "I can only conclude that she is a neurotic liar."

Silvermaster is no longer in the government. He said he is in the house building business at Harvey Cedars, N. J.

Before the hearings were resumed, Chairman Mundt (R-SD) told reporters the committee is only out to get the whole story of Soviet spying put before the public. He said "there is nothing we can do legally or legislatively at the moment."

Before the hearings were resumed, Chairman Mundt (R-SD) told reporters the committee is only out to get the whole story of Soviet spying put before the public. He said "there is nothing we can do legally or legislatively at the moment."

## No Peace Sighted In Dayton Strike; Troops Keep Watch

Dayton, O., Aug. 4 (AP)—Hopes of an early settlement in the Uniflex Lens Co. labor dispute faded today after Local 768, United Electrical Workers (CIO) voted to continue the strike "until a satisfactory agreement is reached."

Steel-helmeted National Guardsmen, called in Monday to prevent further picket-line violence, maintained their watch over non-strikers reporting for work this morning.

There were only a few pickets, and unless more mass plant demonstrations were called by unionists, city officials had hopes the violent stage of the strike might be passing.

The strike committee of the UEW declined to reveal its future strategy. After last night's meeting, it called for a public rally for 4 p. m. today in support of the strike, and another membership meeting at 8 p. m. today.

## Texas Housewives Fight High Prices, Boycott Butchers

Dallas, Tex., Aug. 4 (AP)—Texas butchers heard a ringing in their ears today—the jangle of thousands of telephone bells as new recruits in 10 cities took up the housewives' war against high meat prices.

The movement to boycott butcher shops between Aug. 9 and Aug. 16 spread yesterday to Beaumont, Galveston, Abilene and Hamlin.

Earlier, housewives in Orange, Paris, Corpus Christi, and Waco sided in with women in Dallas, where the boycott campaign began. Mrs. R. D. Vaughn, president of the Dallas Women's Chamber of Commerce, started it by getting volunteers to go through the telephone book page by page and call women for support.

The effort to force meat prices down was promised support from 10,000 women in Dallas alone yesterday when the Dallas Federation of Women's Clubs asked its members to join the boycott.

## Driver Arrested Following Accident

Dewey K. Duncan, 616 North 19th street, was ticketed for reckless driving Tuesday after an automobile that he was driving struck a car driven by Charles F. Womble, of Greensboro, N. C. on Stephenson avenue.

Both cars were traveling north at the time of the mishap. The cars were damaged in the collision but passengers escaped injury.

**WORKERS REJECT CIO**  
South Haven, Aug. 4 (AP)—Date Brown, manager of Bohn Aluminum and Brass Company's plants Nos. 6 and 12 here announced today that the UAW-CIO had been defeated for the third time in an election seeking certification of the union as bargaining agent for 250 employees.

## Nobel Peace Prize Nominee Dies At 70

New York, Aug. 4 (AP)—Rosika Schwimmer, 70, whose life-long fight against war had brought her the nominations of five nations for this year's Nobel peace prize, died yesterday.

A leader of the feminist movement in her youth and more recently active in the world government movement, she was a backer of Henry Ford's ill-fated "peace ship" to Europe in 1915.

Born in Budapest, she began her career as a journalist, and had been long active in peace and feminist organizations in Hungary when, in 1913, she organized the International Woman Suffrage Congress in Budapest.

She had lectured and visited high officials in this country, promoting a plan for "continuous mediation" to stop the European war, when she went to Ford with the peace ship plan.

Returning to Hungary, she was named in 1918 as minister to Switzerland and became the first woman ambassador in history.

In 1929 Madame Schwimmer was denied American citizenship after an appeal to the supreme court because she refused to promise to take up arms in defense of the country.

The late Justice Oliver Wendell Holmes wrote a dissenting opinion, concurred in by Justices Brandeis and Sanford, calling her "a woman of superior character and intelligence, obviously more than ordinarily desirable as a citizen."

Her case led to attempts in Congress to amend the naturalization laws. Although these failed, finally in 1946 the supreme court reversed the decision, permitting naturalization of a religious conscientious objector who refused to bear arms.

She became news again in 1933 when she tried to get leaders of many nations to sign an international appeal to have Mussolini interned in an insane asylum.

Her nomination for the Nobel prize was made by parliaments of Great Britain, Sweden, France, Italy and Hungary.

Recently she willed her brain to the Wilder brain collection at Cornell university.

## New Mexico Indians Get Right To Vote Under Court Ruling

Santa Fe, N. M., Aug. 4 (AP)—An estimated 18,000 reservation and Pueblo Indians will have the right to vote in New Mexico for the first time if a new federal court ruling is upheld.

A three-judge court held yesterday that New Mexico's constitutional provision barring "Indians not taxed" from voting is "discrimination on the grounds of race."

The state courts have held that "Indians not taxed" means Indians living on federal land who are exempt from state property taxes.

The federal court said Indians should not be required to pay a tax in order to vote when other citizens do not have to meet the same requirement.

The state attorney general's office said the judgment "probably" would be appealed to the U. S. supreme court.

## Housewives Halt Removal of Trees At Osakaloosa, Ia.

Oskaloosa, Ia., Aug. 4 (AP)—The Woodman-Spare-That-Tree campaign of embattled housewives today came up against the majesty of the state of Iowa.

The majesty was invoked after householders and housewives obtained a temporary injunction blocking removal of 137 shade trees in a street-widening project.

Housewives harried the removal crews after six trees were uprooted. One, wielding an umbrella, walked slowly in front of a bulldozer, stood close to trees slated for removal, and clung to cables fastened around trunks. Then the injunction stopped work.

Folsen Everest, special assistant attorney general for the state highway commission, promised that the state would move "as speedily as possible" to enable contractors to proceed with the work.

## Hospital

Mrs. George Hurley, who for the past 10 days has been receiving medical treatment in St. Francis hospital for injuries sustained in a fall, has been dismissed and is convalescing at her home, on Old State road. Mrs. Hurley will be confined to her home, because of a leg cast, for six weeks.
